Bondoleum Rugs - Double Bonded - On Credit!

Bondoleum brings you a beautiful, durable, hard surface floor covering at a low price. It is bonded to give satisfaction. Its brightness of coloring continues permanently with hard use. Only a damp mop or cloth is necessary to keep it fresh, clean, and spick and span. It is sanitary and long wearing. It lays flat on the floor and does not curl up, peel or crack.

Read the guarantee that goes with Bondoleum. The bond is signed by the Spiegel, May, Stern Company and the National Surety Company—a double guarantee of satisfaction.

You have your choice of either of the two patterns shown here in four sizes. No. RC2533 shown at the top is a beautiful BLUE with especially attractive ROSE border. No. RC2531 shown below is a very artistic splendid looking pattern. Both of these rugs are made to give service. Our price is exceptionally low; the quality is exceptionally high.

Save Six Dollars SEAMLESS TAPESTRY BRUSSELS RUG

\$19⁹⁵
9x12 Ft.

Seamless-Worsted Face Tapestry Brussels Rug

Astounding value in a well made, artistic, beautifully colored seamless tapestry Brussels rug in full room size—9 ft. wide by 12 ft. long. Superbly well made thruout. A value extraordinary. Think of it! \$19.95 for a worsted face full room size rug! A guaranteed saving of at least \$6.00 to \$7.00.

This rug is made with a selected quality worsted yarn face, woven in the famous Brussels loop weave, which is renowned for its resistance to wear. The yarns are dyed before they are woven into the rug, which means that the pattern comes out very clearly and the colors are permanent. There are no seams in this rug, remember. It is made entirely in one piece, and brought out in a beautiful combination Chinese and Oriental design.

Here is a golden opportunity to save money on a full room size, beautifully patterned and colored worsted face tapestry Brussels.

All we ask is the chance to prove our statements. We never ask you to take a single thing for granted. We prove everything, step by step, at our expense, at our risk—from beginning to end.

We invite you to buy here on long, liberal credit. We tell you now that your charge account is open. We are ready to treat you just exactly the same as if you were an old customer; as if your name were on our books, as if you had bought here time and time again.

That's hard to believe, but it's easy to prove. For instance, all you have to do is pick out some article, no matter what it is, no matter how small the cost is. Just tell us to send it to you on trial—on 30 days' approval.

This plan proves everything. It gives you a chance to see the actual things before you buy. It enables you to compare prices. It gives you every chance to judge quality and appearance.

It proves that our easy credit—our SAVING CREDIT—is a fact—not a mere dream or a mere promise. If you keep the article, the cost is spread, in most cases, over a year's time. You pay little by little, easily and conveniently.

To make it very easy to order something on trial, we will send you any order amounting to as much as \$30, for only \$1 deposit.

We will send an order amounting to \$40.00, for as little as \$2.00 deposit.

We will send a \$50.00 order for only \$3.00 deposit.

These are special terms, and made specially to you until further notice. Surely, such wonderfully liberal terms prove our confidence in you, in ourselves, in our prices, in the quality of our merchandise, and in our service.

Double Guarantee on Front Cover Legally Binds Us to Keep Every Promise

We explain our plan, step by step, below. Whatever we tell you we guarantee. We legally bind ourselves to each and every promise and statement. On the front cover of this bargain catalog we print our Legal Guarantee Bond. Notice that it is secured by the National Surety Company, whose bond is accepted in any court of the land.

First—Make Your Selection

We believe that we show in this bargain book the biggest choice of good house furnishings, at reasonable prices, that you will find anywhere. We show everything from cellar to garret.

We do not exaggerate our pictures. We make them true to life. We give all measurements and all sizes. We show not only how the outside is made, but we tell you exactly how the inside is constructed.

Second—Use Your Order Blank

There is a Special Terms order blank in front and another is bound in the back of this book.

It is arranged to avoid misunderstanding and mistakes. There is a place for your name and address in full, so we can make a proper record of your order and account. There are proper spaces for sizes, color and finish desired.

So when you get ready to order write your order on one of the simple blanks. Then your selections will come promptly. It is the only paper you need sign.

Third—Only a Small Deposit

We are bringing you special terms.

Send only \$1.00	with any order amounting to \$30.00 or less.
Send only \$2.00	with any order amounting to \$40.00 or less.
Send only \$3.00	with any order amounting to \$50.00 or less.

Fourth—About a Year to Pay

Our special terms to you allow, on the average, about a year to pay on all purchases.

Such a long time means that on average purchases a few pennies a day laid aside are enough to complete your payments. A nickel or a dime a day is enough to bring to your home many a long desired, pretty home comfort.

Fifth—30 Days Real Trial

Our free trial is actually a free loan for 30 days. We send you your selection not merely to be looked at but actually to use for a whole month.

Don't be afraid to treat the articles just exactly as if you owned them from the very first minute they arrive. Give them exactly the use that you intend to give them if you keep them. We will take any article back if you decide, at the end of 30 days, that you don't want it.

Sixth—Return If Not Pleased

If you return an article we will pay the full transportation costs—whether it is freight, express or parcel post. In addition, we will also pay, in full, the complete return cost.

We will make this complete refund in cash and we won't ask you to accept anything else in exchange and there will not be a moment's delay.

You don't need to make any explanation or apology. No excuse whatever is expected.

The Strongest Guarantee Ever Given

Once more we refer you to our Guarantee Bond on the front cover of this book. Everything we have told you is covered by our Guarantee Bond.

Our Bond is legal. It is endorsed by the National Surety Company. Your own judge, in your own home town, will tell you it must be fulfilled faithfully.

We print here the names of some of the biggest banks in the country, who know us and who will vouch for our responsibility. We refer you to your own local banks also—

No Red Tape

After all, we aim to make our plan of doing business just a friendly arrangement between friends. We haven't any iron clad, rigid rules. We want to treat everybody just as nice as possible.

No Bother or Embarrassment. It would be folly for us to do anything at any time to annoy you. It would be so silly to offer you so many advantages, to take all the risk and expense of trying to please you, and then turn around and do something that would upset all our intentions.

Absolutely Confidential. We guarantee, absolutely, that we will not tell anybody that you buy from us. You can feel perfectly safe and sure that we are not going to ever write your employers, friends, neighbors or anybody else about you.

B Extra Heavy Seamless Fringed Velvet Rug

The splendid rug in the center of the page is a very closely woven, well made wool faced velvet rug. Brought out in one of the prettiest Chinese designs that we have seen. It is a wonderful value! To fully appreciate a rug of this kind, you must see it on your own floor in your own home. It is a rug that will give extra good service. It will hold its luster even after years of wear. The colors are dyed right into the wool, right into the core of the wool, which means that you can have this rug cleaned any time and the colors will come out bright and snappy, just the same as when new. Finished with heavy rug fringe on each end, and when laid on your floor, will have the appearance of the highest grade French Wilton.

I Could Knock at Your Door

Here Is All the Information You Need to Order

How to Send Money

Always send your money to us in the form of a post-office money order, express money order or bank draft. We do not accept postage stamps.

Always make your money order payable to the Spiegel, May, Stern Company—never to an employee or department manager.

Don't send currency through the mail unless you register the letter. No business man would ever think of sending money that way.

If you live outside of town, you can give your money and letter to the rural carrier, who will buy the money order and mail letter for you.

Freight Charges

On furniture and household goods freight charges are always paid by the customers. On United States Parcel Post P3—INQ. Copyright S. M. S. Co. 1928

shipments or express, charges are likewise paid by the customer. If in case goods are returned, we refund all this expense. Remember, whenever you return anything, we refund all transportation charges, whether freight, express, postage, that you have paid out, and even hauling expense.

We always prepay postage or express charges on watches and jewelry. We stand this expense ourselves.

No Discount for Cash

We don't charge anything extra for credit. We do not do this because we do not charge anything extra for credit. We urge you to keep on using your charge account here and not send cash. We would rather do business that way because it is easier for you and we know you.

Factory Shipments

We don't have our stock all sent to Chicago. We have a number of warehouses at central points so as to save you

freight charges. We leave some of this stock at the factory. When the factory is nearer to you, we ship direct from the factory and save you more money in this way.

About Returning Goods

If you will be kind enough to send that your full name and address is written large and clear on every package you return, it will help us to give you better service. Things returned by Parcel Post should be insured. Be sure to keep your shipping receipts until you hear from us that your returned goods have been received by us.

We Have No Agents—We Do Not Employ Canvassers

Don't let anyone tell you that he is taking orders for us. This catalog is our only salesman. We sell only by mail and have no agents or canvassers employed to take orders for us. If anyone tells you he is taking orders for us, do not believe it. Don't give such a person an order, and by all means don't give such a person any money. If we had to pay an agent's commission, we would have to raise our prices.

Dear Customer:
I'd give most anything if I could knock at your door, hand you this new Catalog, and then chat with you for a few minutes.
I'd like to tell you face to face how to use your credit with Spiegel's to save money, and have all the home things you want--without waiting. I'd like to make sure that you realize that in accepting this generous credit from Spiegel's you never put yourself under the least bit of obligation.
Everything we sell, we sell **ON CREDIT**. Everything you buy we ship **ON APPROVAL**.
We don't pick just a few things here and there to tempt you to start buying from us, by offering you easy terms on some things and full cash on others.
Our whole business is arranged to bring you easy credit--easy terms **ON EVERYTHING**.

Spiegel's is the oldest and the biggest house of its kind in the country. Through years of experience we have learned how to free our plan from annoyance. We do not require references. We have no collectors. We will not look you up through friends, employers or neighbors. We charge no interest. There are no extras of any kind. Having enormous buying power, we are able to bring you house furnishings of all kinds on long credit at saving prices.

In bringing you this new Catalog, I ask you first of all to compare items purely and simply for price. Make sure you are paying us nothing extra for credit. Satisfy yourself by shopping around elsewhere. After you prove for yourself that our prices are lowest, then let credit come as an added advantage--an extra enjoyment. You'll find it makes the buying of household articles easier and simpler.

So let me impress upon you, just as if I stood before you, that your credit is good at Spiegel's. The fact that I am sending you this Catalog is just the same as an invitation to select from it whatever you desire and pay for it little by little.
There is no rigmarole about getting started. No red tape--no getting acquainted. Your credit is good here, right now, just the same as if you had bought from us time and time again. Select whatever you please, and let us send it to you on trial. Use it for thirty days. We ship as much as \$30.00 worth for only \$1.00 down.

And again I assure you personally and back my personal word with Spiegel's Legal Guarantee Bond, that in sending to us for any trial order, you will never be annoyed or embarrassed in the least. We would rather have you buy here on credit than pay cash. Our business is arranged that way. We allow no cash discount. I don't care how small an order you send, it will receive just exactly the same consideration as if you bought furnishings for an entire house. I want you to consider my job here is to look after your interests at all times, so you may rest assured that I will be looking for some word from you.

All I ask is to give us a trial. Make it just as little as you want. I would welcome an order for six or seven dollars. Find out about us by trying us.

Sincerely yours,

S. M. Spiegel

Old Colonial—Hit and Miss Rugs

A smashing proof of Spiegel's thrifty credit! Never before a value to equal it! Actually less than wholesale price! Sent on approval—to prove Spiegel's thrifty credit.

The genuine early American rug. The standby of your grandmother's time. A tremendous favorite today. Honest, dependable, cheerful, serviceable all the year 'round.

Clean sanitary, because they are easily washed. No sending to the cleaner—no bare floors are waiting for them to come back. Into the tub like any other bit of washing, or scrub them on the floor. Out come the colors, just like new, without loss of brilliancy—fast and bright as ever.

They all have lovely, bright colors. Crowfoot borders—wide bands of cheerful warm colors contrast against the familiar hit-and-miss pattern. They are fringed—good, heavy, strong fringe. **SIX RUGS \$1.00 down.** The big rug is one of the nicest, prettiest and most sensible floor coverings any one would want to own. It measures 4 ft. wide and 7 ft. long. Almost a room-size rug in itself—plenty big enough for many rooms.

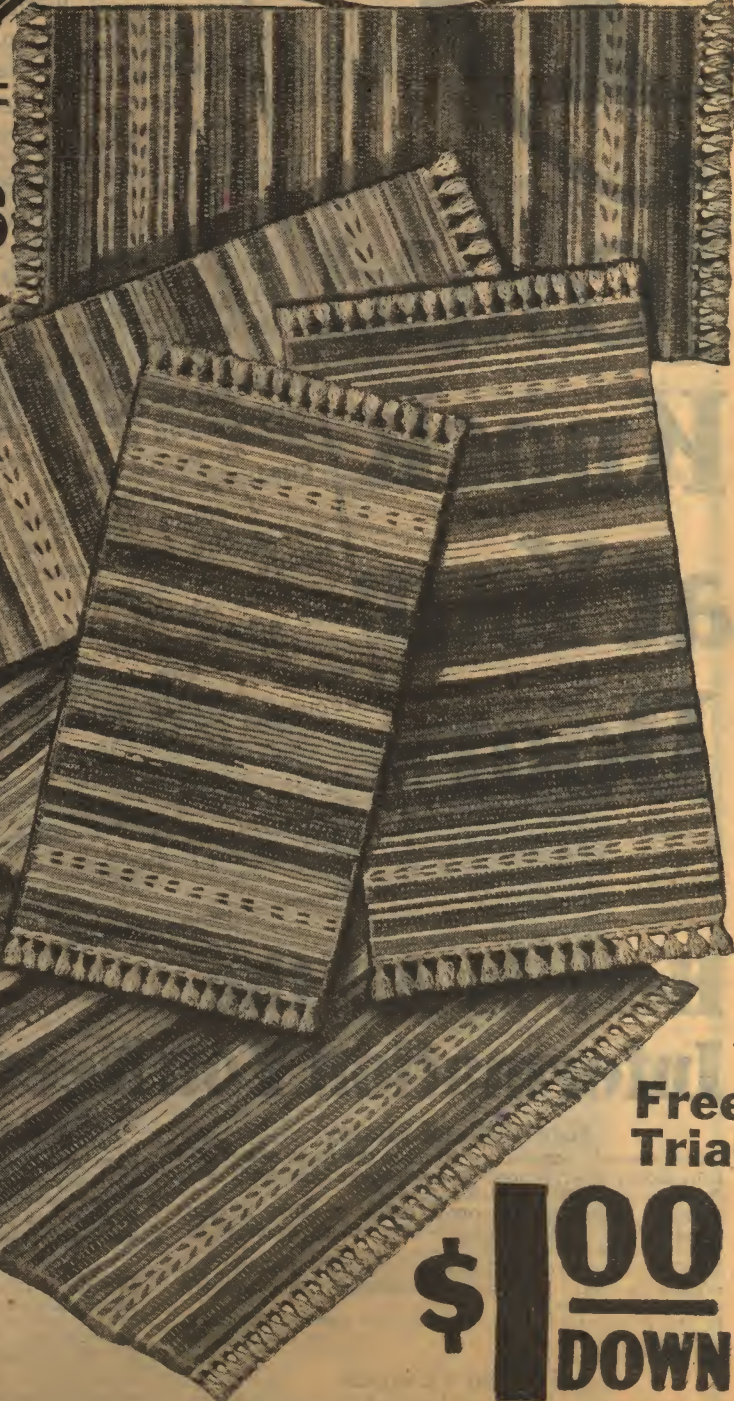

Below it, there is the handiest size imaginable—measuring 36 inches wide by 72 inches long. This beautiful rug has a wide, old gold, broad banded crowfoot border.

Two other rugs—just right for dozens of places in the home, each measuring 27 in. wide, by 54 inches long. There are two of these rugs.

Then there are two rugs, each measuring 24 inches wide by 48 inches long—just the proper thing for the bathroom, be-

tween doors, alongside the bed, in front of dressers or to scatter here and there in odd, bare places. These two rugs both come with a beautiful blue border.

84-Piece Outfit-On Credit One Dollar Down

Everything You Need In The Home

An outfit consisting of 84 pieces, every piece an absolute home necessity. No housewife ever has too many sheets. There is always room for a pair or two of blankets. There is always room in the kitchen, on the porch, or veranda, for a nice Congoleum rug. You never can have an oversupply of towels. Three or four pairs of lace curtains can always be used to advantage. A decorative bedspread would be desirable in any home. A dozen extra napkins will come in handy. Two rag rugs like these shown here can always be used to advantage.

Description of the Various Items

3 PAIR RUFFLED CURTAINS. These are made of good quality voile, artistically ruffled and furnished with tie-backs. Size 27 in. wide by 2 1/2 yards long. A good washable quality.

2 PAIR PLAID BLANKETS. These are brought out in very pretty block plaid effect with high art designed border. The ends are strongly overlock stitched. The size is 72x80.

4 SEAMLESS SHEETS. Measure 81x90 in., are full bleached, nicely hemmed, and very closely woven sheeting, the quality kind that will launder so well and iron out so beautifully.

4 PILLOW CASES. Match the sheets in finish and quality exactly. Measure 21 in. wide by 35 in. long.

3-PIECE CRETONNE SET. This set consists of two side hangings, measuring 17 in. wide by 2 1/2 yards long, and a valance measuring 17 in. deep and 40 in. wide. Nicely scalloped and strongly overlock stitched. Made ready to hang. Brought out in a nice quality decorative cretonne, in a beautiful color arrangement.

5 DISH TOWELS. This will be sent you in one piece of toweling, five yards long, sufficient to make up 5 dish towels, 16 in. wide by 36 in. long. A good absorbent quality, suitable for dish toweling or roller towels.

1 CROCHET BEDSPREAD. Measures 78 in. wide by 88 in. long. Bleached a pure snow white, nicely hemmed, brought out in a very pretty pattern.

12 HUCK TOWELS. Finished with pretty red borders. Size 16 in. wide by 28 in. long. You get 12 of these good absorbent quality face towels with this outfit.

12 TURKISH TOWELS. Bleached to a pure snow white. Size 14 1/2 x 29 in. Hemmed. Very absorbent.

6 WASH CLOTHS. Made with colored borders, strongly overlock stitched all around. Measure 10 1/2 x 10 1/2 in.

Shades-Drapes and Pillows-

This Is An Outside Fixture

This picture shows what we mean when we say "Outside Fixtures." The brackets are nailed on to the outside of the window casing, and when these brackets are used it isn't so essential that the measurements be given us to the eighth of an inch, but it is necessary that we have measurements down to an eighth of an inch of what they actually are when you use inside brackets, illustration of which is shown on the opposite page.

Austrian Puff Cloth Shades

They are made of good material, in a very artistic stripe design, and every shade is finished with a nice silk fringe scalloped bottom. This cloth is made of double-ply cotton yarn and is furnished in cream color only. These are mounted on a very fine quality shade roller, which has dust-proof caps, and with each shade you get a full set of outside and a full set of inside fixtures, along with a tassel cord pull, shade nails, and all that is essential to put the shade up.

If you do not find the exact size of the shade you require listed below, just send us the size you want, and you will be charged at the price shown for the next larger size. In other words, we can furnish these shades in any size from 18 inches to 72 inches in width and from 5 feet to 8 feet in length.

Window Shades to Order

Every housewife knows how difficult it is to get windows such as these, we offer shades made to order size window shades.

The real difference, however, is amazing. Made-to-order shades are of superior quality material, better and more substantially constructed and mounted on rollers that will give years of service. No guess work or patch work is necessary. You order the shades to fit the particular windows you have in mind.

The cloth we use is a splendid quality oil opaque. The shades are made by one of the best known manufacturers in the country. You can get a splendid range of sizes and widths and the prices are remarkably low.

Made Any Size You Wish

For stock size window shades to fit all windows. For at practically the same price you would pay for stock

We can make up your shades in any width or length, according to the table of sizes shown below. If the size you want is not the exact size shown on the chart—for instance, if you want a shade 42 in. wide and 6½ ft. long, we will make the shade exactly this size, but you will be charged for a shade 42 in. wide and 7 ft. long. This same rule applies to the widths.

State if shade is to be used with inside or outside brackets. You have your choice of the following colors: Light Green, Dark Green, Yellow, Buff or White. (State plainly the color wanted.) Also order by No. RC4708.

Made to Order Window Shades

Good-looking window shades—made to order; to fit your windows exactly. Give yourself a treat by getting your shades made to fit without sagging, stretching or makeshift blocks to fill up space that shades will not properly fit.

Shades like this add an air of distinction to any room. They lend a dressiness and finish to your windows, and besides they give you everything that is demanded of a shade—to keep out too bright sunlight—to prevent fading of carpets and room furnishings.

They are made of a very choice quality oil opaque cloth mounted on guaranteed spring rollers. The ends are neatly scalloped and finished with a very artistic heavy bullion fringe. The prices, too, are exceptionally low. We have been able to make a contract with a well known manufacturer at a special low price—this saving is yours!

Scalloped and Fringed Edges

You can order this shade in any size from 36 to 82 inches in width and from 4 ft. to 10 ft. in length. In the event that the exact size of the shade you require is not listed in the table below, it will be made up in the size you specify, and charged to you on the basis of the next larger size.

For instance, if you should require a shade 75 in. in width and 9 ft. 6 in. long, the shade will be made up in that size, but you will be charged for a shade 82 in. in width and 10 ft. long—the next larger size.

Special Note

All sizes given on sheets and pillow cases are TORN sizes before the goods has been hemmed. Hemming usually takes up from two to three inches in the length.

When you buy sheets and pillow cases from us, you can be assured that you are getting goods that will give splendid service, will launder well, and iron out beautifully. It has been our constant aim, not to cheapen, but to improve our line of sheets. Today, we believe, that we have a line of both sheets and pillow cases of a quality that will give the utmost in service, at the lowest price for which you can buy good dependable merchandise.

And Credit is yours without asking!

Seamless, Bleached Hemstitched Sheets and Pillow Cases

Every housewife always likes to have in her linen chest some nice hemstitched sheets and pillow cases, bleached a pure snow white, with the hemstitching work done so neatly and the general finish of the sheet so perfect.

These sheets are made without any filling or adulteration, which means that when they come from the laundry tub and are ironed out they will really have a heavier feel than when you first get them. These are the washable kind, the long wearing kind, the neat and artistic looking hemstitched sheets and cases that every housewife likes to own.

Bleached Snow White Seamless Hemmed Sheets and Pillow Cases

If there is any one line of goods on which we pride ourselves, it is on our sheets and pillow cases. They have given satisfaction over a period of years. You are getting more than your full money's worth. You are getting a sheet that is finished in a full snow white bleach. There isn't a single seam in these sheets. They are made entirely in one piece.

We know that no detail has been overlooked in the finish of these goods; they are finished perfectly. There isn't any filling that will wash out and leave a flimsy sheet after the first one or two washings; these sheets will be heavier after they have been washed several times than they are when you first get them.

Bargain—Seamless Sheets and Pillow Cases

Something very special in seamless, full bleached, hemmed sheets and pillow cases, at a real bargain price. Made without filling or adulterations, the kind that you can launder with every feeling of security and know that when they come from the laundry tub, they are going to iron out beautifully and be better looking than when you first received them. They are made without any foreign matter, such as starch and other filling material put into them to deceive you as to their quality. The time we want you to judge our sheets is after they have been washed repeatedly. That is the real test, and here is a sheet and pillow case that will stand the test.

Dress Up Your Beds—With Credit

Colored Stripe Crinkled Bedspread

One of the most attractive colored crinkled cloth spreads. Brought out in a particularly pleasing and artistic design. Good quality specially selected cotton yarns, compactly woven, made with fast colors that you can wash without fear of fading. Doesn't require ironing; just wash it, hang it over the line and it will retain its crinkled effect. Choice of artistic stripes: Blue, Rose, Gold. Edges scalloped and finished with a strong overlock stitching.

The extra length does away with the need of an extra piece to cover your pillows or bolster roll. As the spread is 105 in. long, it is plenty long to drape over bolster roll or pillows.

Superb Rayon Bedspreads

Here is, without doubt, one of the prettiest, most artistic and worthwhile Rayon filled spreads that we have seen. It is a wonderful value. The size is 82 in. wide by 105 in. long. This extra length means that you do not need a bolster piece to cover the bolster roll or pillows. The spread itself is long enough to serve this purpose. And how very neatly one can make up a bed with a spread such as this.

The flouncing on the sides, which measure about 14 in. deep, gives this spread the appearance of a \$25.00 spread. At our price, it is one of the best values you can procure anywhere.

You have your choice of three colors: Blue, Rose or Gold. (Be sure to specify color wanted.)

Velour Upholstered 3-Piece Living Room Set

This set offers a wonderful opportunity to modernize your living room at a very small cost.

The set consists of three pieces—an up-to-date period style arm rocker, with spring seat, upholstered in velour; a spring seat upholstered chair to match, and a modern style living room table, with a lovely two-tone top.

All of the pieces are made of selected kiln dried hardwood, finished in a beautiful brown mahogany. The legs of the table and the front legs of the chair and rocker are artistically turned; the broad arms gracefully shaped; the top slats designed in harmony.

The soft, comfortable seats are covered with velour upholstery of excellent quality, with blue or rose background, with rich taupe pile figure. The same material is used to upholster the backs, and even the outside backs.

The chair and rocker have seats 19x19 inches; 17 inches high from the floor; backs 21 inches high from seat; width over all, 25½ inches. Height over all, 35 inches.

Velour Upholstery Comfortable Spring Seats

The living room table has a striking two-tone mahogany finished top. The edges are neatly beveled. It is set on a heavy box rim, supported by four legs, turned from heavy stock, securely braced with cross stretchers and a long bottom shelf 5 in. wide. Top is 45 in. long, 16 in. wide, and stands 30 in. high from the floor. Shipped, taken apart, from factory in western New York. Very easy to set up. Shipping weight, 135 lbs.

Radio Cabinet Complete with Bench

Useful beauty! Common sense, practical arrangement. Handy and convenient, everything at your finger tips.

Adds immensely to your radio enjoyment and entertainment. Helps to keep things ship-shape and efficient. The back is entirely open, which, of course, you don't notice, because you place it against the wall. This makes everything easy to get at, easy to change batteries and re-fill.

Comes with Bench to Match

This is a complete set—a cabinet and a bench matching perfectly in design, construction, finish and color.

If you have looked around for a cabinet like this, you know you would pay about this price for just an ordinary radio table. Not a cabinet with a splendid, big compartment—and without any bench to go with it. The cabinet is built for the purpose and built along practical lines. In the cabinet space there is room for all the batteries, both wet and dry.

The deeply cut panel which appears in each end and twice on the front has scroll shaping on lower front. The rich, warm lacquer finish is a two-tone walnut beautifully shaded.

Measurements The cabinet space beneath top measures 25 inches long, 9¾ inches wide and 10 inches deep—room enough for everything! The top is 32 inches long and 15 inches wide. The height from the floor is 30 inches.

Bench Matches Perfectly The top is 16 in. long by 12 inches wide—16 inches high from the floor.

Shipped from Chicago. Shpg. wt., 50 lbs. Taken apart and nicely crated. Easy to set up. No. RB8417. Radio Cabinet and Bench. Price, complete... **\$9.95**

6-Piece Solid Oak Living Room Set

When you buy this complete 6-piece solid oak living room set you make a clear saving of over \$10.00. Even if you paid much more you could not get a better looking or more substantially built set than this. Send for it on 30 days' free trial and make your own comparison. If you are more than pleased with your selection, pay little by little, otherwise just return it at our expense, and the trial costs you nothing.

Solid Oak Used

The best selected Indiana oak, air and kiln dried, is used in the construction of this set. Extra heavy stock is used in every piece. The joints are securely mortised and tenoned and glued and bolted to insure extra strength. Every piece is carefully sanded, made nice and smooth, and stained a rich, warm, nut brown color. It is given a coat of shellac and wax, giving a rich, dull luster.

The seats and backs of the chairs and rockers are well padded and upholstered with good quality imitation brown Spanish leather. Will give excellent service.

The Library Table A roomy, convenient table, with a top measuring 34 in. long and 23 in. wide, and stands 30 in. high from the floor. The legs are cut from extra heavy stock. 1 1/2 in. in thickness, and are well braced. Wide magazine shelf appears across the bottom, and is 6 1/2 in. wide.

The Arm Rocker Made large and roomy, with seat 19x19 in., set off with a heavy box rim. The broad, well shaped arms are 3 in. wide. The top rail is neatly arched. Back is 22 in. high from the seat. Height over all is 36 in.

The Arm Chair matches the rocker in every respect, both in size and appearance.

The Sewing Rocker You will find many uses for this convenient sewing rocker because it has no arms and the seat is low, so that it can be used as a bed-room rocker as well as a sewing rocker. It has continuous back parts and a neatly arched top. Steam-bent runners, well

balanced. Seat, 16x16 in. Back is 21 in. high from the seat. Height over all, 32 1/2 in.

The Side Chair A companion piece for the sewing rocker and exactly the same size and dimensions, except that the legs are a little bit longer and it does not have the runners.

The Tabourette A convenient piece for showing off plants, or can be used for many other purposes. It is substantially put together and stands 17 in. high. The top is 10 in. square. It is braced with cross stretchers.

The complete set is carefully packed in one crate and shipped from factory in Ohio. Shipped, taken apart, very easy to set up. Ship. wt., about 185 lbs.

Kroehler Comfort-On Credit

As A Bed

Kroehler 3-Pc. Short Davenport Bed Set

The complete set is made up of one of the famous, nationally advertised Kroehler Kodavs, or bed davenports, a big, comfortable arm rocker and an arm chair to match. The bed davenport, or Kodav, is especially desirable where the room space is small. It is a fine appearing and very comfortable davenport during the day and makes into a full size bed at night. The short davenport bed unfolds twice to make a full size bed. It makes a bed 6 ft. long and 48 in. wide when open, big enough for two grown persons.

Black Or Brown Imitation Or Genuine Leather—Year To Pay

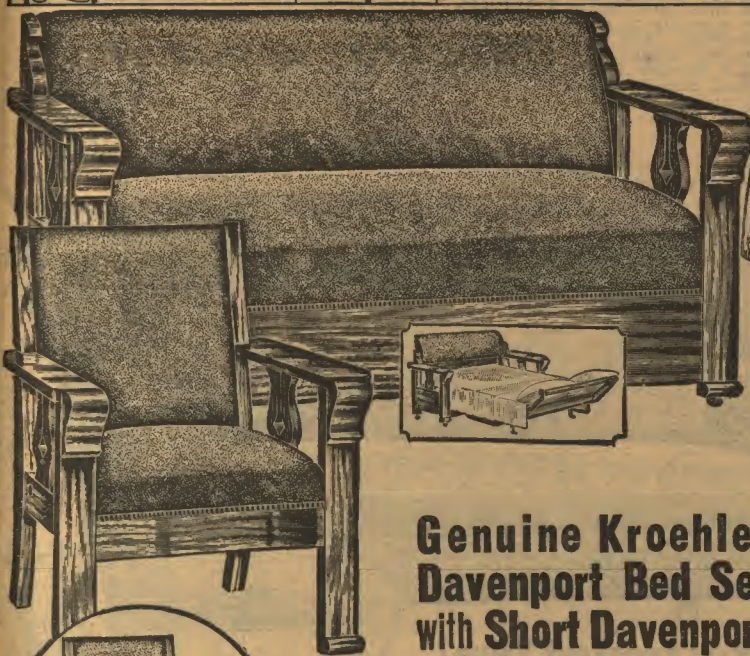

The frame is a Colonial style, with Colonial shape feet, hand rests and blocks at the back. Top rail is neatly arched. The set can be had in your choice of three finishes, solid oak finished a rich golden or a fumed nut brown, or a rich mahogany finish on a seasoned birch frame.

The Kodav has 24 coil springs in the seat. The arms and front posts are 3½ in. wide. The seat is 18 in. high from the floor. Height over all, 34 in. Length of seat between arms, 52½ in. Length over all, 60 in. Shipped from factory near Chicago or New York state, whichever is nearest you.

Arm Chair or Rocker Upholstered seat over a full setting of 6 coil springs. Back also nicely padded. Seat measures 18x20 in. Width over all, 26 in. Height over all, 34½ in. 3-in. arms and front posts. Chair legs have gliding casters, rocker has well balanced runners. Shipped from factory near Chicago or western New York state.

Genuine Kroehler Davenport Bed Set with Short Davenport

No need to worry about an extra bedroom if you have a Kroehler set in your home. Unexpected company is a pleasure—no longer a worry—with a Kroehler davenport bed. Just like adding an extra bedroom—nicer, if you please, because in the daytime one would never know that a full size bed is concealed under such a magnificent piece of furniture.

Mahogany or Oak—Imit. Spanish Leather

The Frames are made of solid birchwood and finished in antique brown mahogany, or can also be had in solid oak, finished a rich golden gloss. Solid and substantial in construction.

The Upholstery is of heavy quality imitation brown Spanish leather. Well padded and tailored—soft and comfortable.

Davenport Bed is called the "Kodav" because it folds twice, and makes up into a full size bed with regular bedspring and room for mattress and bedding. Closed, it contains a spring seat with 18 cone-shaped coil springs supported on steel wire base. Filled with fine tow and felted cotton. Davenport is 57 inches long. The seat is 52 in. long between the arms and 20 in. deep. Height over-

all, 31½ in. When open, it makes a bed 48 in. wide and 6 ft. long. (Mattress not furnished—must be bought separately.) Shipping weight, about 200 lbs.

Arm Chair and Rocker are exactly the same in size with full spring seats containing 6 heavy wire springs. Well made base and top tied with interlocking cross wires. Seats are 20 in. wide and 19 in. deep. Height overall, 33½ in. Width overall, 25 in. Shipping weight, about 55 lbs. each. Shipped from factory near Chicago or western New York, whichever is nearest to you.

Black Or Brown Imitation Or Genuine Leather

Genuine Kroehler Set With Short Davenport Bed

The set pictured here is one of the hand-somest of the nationally advertised Kroehler davenport bed sets. Notice the graceful Colonial front posts, arms and back. The same curved design is carried out on the davenport bed, chair and rocker.

The set can be had in your choice of three finishes—either a quarter sawed oak, finished a rich golden gloss; a dull fumed nut brown finish, both in quarter sawed oak, or a beautiful, rich mahogany finish, applied on selected birch hardwood. The hand grip top blocks are veneered with genuine mahogany.

Kodav or Short Davenport Unfolds twice to form a full size bed. It is very desirable for small rooms or where you do not have a long wall space. This davenport measures 60½ in. over all. The length between the arms is 52½ in. Height of seat from the floor is 18 in. Height of back from seat, 16 in. Height over all, 34 in. Depth of seat, 21 in. Depth over all, 32½ in. The arms are 4 in. wide.

The seat has 24 heavy coil springs and a spring edge, double stuffed and stitched. Springs are covered with a heavy padding of fine moss, tow and felted cotton, and the upholstery material of either genuine or imitation leather. The back is neatly padded to match. Shipped from factory near Chicago or western New York, whichever is nearest to you. Shipping weight, about 225 lbs.

Chair or Rocker Both the chair and the rocker are made in exactly the same size and style, except that the legs of the chair are a little longer and it has steel gliding casters, while the rocker has balanced, steam-bent runners. The seats have a full setting of 6 coil springs and are 18 in. deep, 20 in. wide and 18 in. high from the floor. Height over all, 34 in. Width over all, 26 in. Height of back of seat, 16 in. Arms are 3 in. wide. Shipping weight, about 65 lbs. each.

Stunning New Kroehler Davenport Bed Set—On Credit

A lovely brand-new style in a genuine Kroehler davenport bed set, featuring the well-known Kroehler kodav or short bed davenport in up-to-date modern period style and upholstered in richly colored Jacquard velour in semi-overstuffed style with neat mahogany finished ends with comfortable chair and rocker to match.

No need to worry about an extra bedroom if you have a Kroehler set in your home. Just like an extra bedroom. One would never know that a full sized bed is concealed underneath such a magnificent piece.

Frames are made of solid birchwood and finished in antique brown mahogany. Construction is solid and substantial.

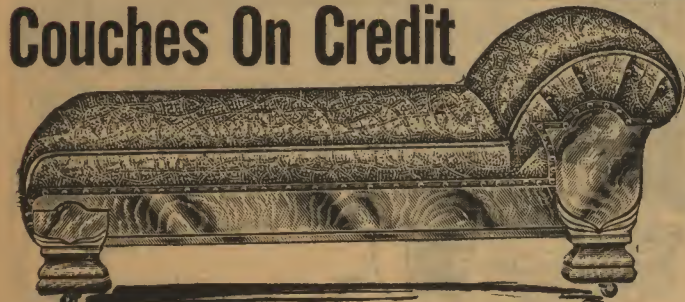

Upholstery is two-tone Jacquard velour in lovely taupe with blue background or in two-tone Jacquard velour in soft, harmonious taupe pile with a garnet red background. This two-toning brings out the lovely floral pattern in an exquisite manner, making a delightful artistic appearance. Also furnished in imitation brown Spanish leather upholstery.

Bed Davenport is called kodav because it unfolds twice and makes a full sized bed with a regular bed spring with room for mattress and bedding. Closed it contains a spring seat with 13 cone-shaped coil springs supported on steel wire base filled with tow and felted cotton. The davenport is 57 inches long. Seat is 52 inches long between the arms and 20 inches deep. Height over all, 34 inches. When open, it makes a bed 48 inches wide by 6 feet long. Mattress not furnished, must be bought separately. Shipping weight, about 220 lbs.

Arm Chair and Rocker are exactly the same in size with full spring seats containing 6 heavy wire, wide coil, deep springs in the seat. Well made base and top tied with interlocking cross bars. The seats are 20 inches wide by 20 inches deep inside. Width over all, 25 inches. Back is 35 inches high from floor. Shipping weight, 55 lbs. each. Shipped from factory near Chicago.

Kroehler's Hidden Qualities give you Lasting Satisfaction

Hidden qualities are of vital importance. Money paid for furniture is usually a lifetime investment and the average family cannot afford to re-furnish the home every few years. It therefore becomes a very serious question whether a piece of furniture which may have a nice appearance is also honestly built to give years of comfort, satisfaction and service.

In upholstered living room furniture, the most important parts of the structure are those parts which cannot be seen.

Kroehler Construction will last a life-time. Kroehler frames are made of hardwood—that means fine woods such as oak, birch, or maple woods, carefully selected, free from defects. No soft lumber is substituted.

Kroehler's guaranteed steel spring underconstruction will never break down or get out of order, yet is soft and comfortable. Will never stretch, sag, or sag, as is so often the case with cheaply made furniture.

No Waste Materials

Kroehler uses the finest materials for filling. Selected tow that is thoroughly heat-treated is used over the springs and this is overlaid with pure white felted cotton made of the best selected cotton linters. No waste materials are used. Cushions are stuffed only with felted cotton over the interior of fine coil springs.

The covering materials are all long-wearing fabrics of exquisite design and coloring that fashion and good-taste approves, such as Jacquard velour, plain velour and mohair. Kroehler's vast purchasing power gives you first choice of the best in covers. Every yard of fabric used for covering is selected for its beauty and harmony of colors and appropriateness of design for the individual pieces to be covered and for the quality of texture.

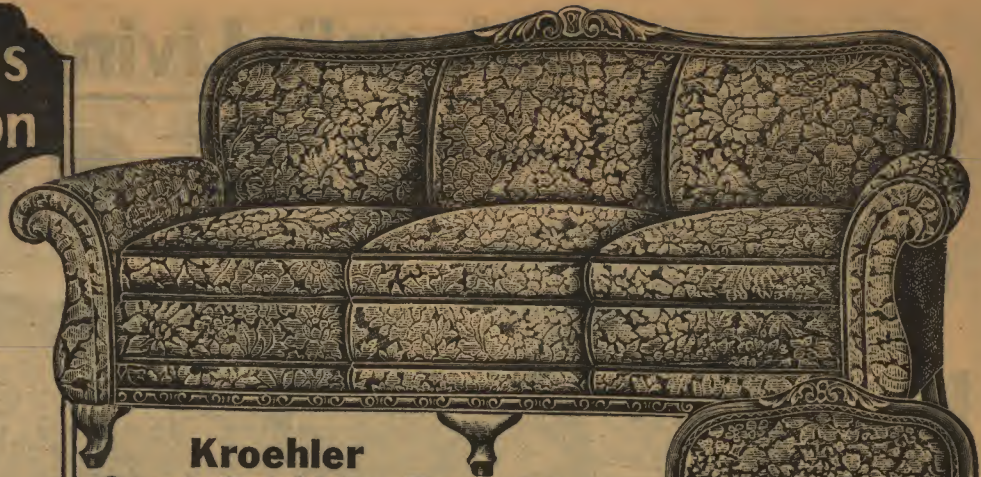

Covering Samples FREE

We will gladly furnish small samples of covering materials for any suite that you are interested in. Just write us and give us the catalog number of the suite you are interested in and tell us the color combinations that you would like to see. These samples will be mailed to you tagged with the catalog number of the suite. They are small samples that show the quality and coloring but not large enough to show the pattern. They are furnished free.

We are showing on this and the following pages Kroehler's most popular patterns and his very best values.

Shipment of Kroehler furniture is made either from factory near Chicago or from Binghamton, New York, whichever is nearest to you.

Kroehler Overstuffed Living Room Set With Reversible Cushions

A feature of this set is the carved wood top rail and lower rail. Frame is made of birch finished in antique brown mahogany. Queen Anne front feet. Comfortable spring-filled loose cushions with spring base and spring back. The filling is tow and felted cotton. Set is furnished with stationary davenport as pictured or with Kroehler's davenport bed.

Covered with heavy, long-wearing Jacquard velour on the seat, back, and front, with the outside arms and outside back in plain velour to match. Comes in a rich mole color with blue background or with red background, as you prefer, with reverse side of cushions of tapestry. State color wanted when ordering. Also furnished in Chase Velmo mohair, plain taupe or chestnut or blue mist mohair on the seat, arms, back, and front, with plain velour used on the outside arms, and outside back with reverse side of cushions of brightly colored three-tone Jacquard velour.

Davenport contains 27 heavy wire, wide coil deep springs in the seat and 12 in the back. Each of the three loose cushions is made with 30 fine wire springs of special construction. Length over all, 76 inches. Length between the arms, 59 inches. Depth of seat, 20½ inches. Height, 34½ inches.

Davenport Bed contains 36 heavy wire, wide coil, deep springs in the seat and 18 in the back. Makes a full size bed 72 inches long by 50 inches wide. Has sagless Cable fabric spring. Made with three loose cushions each containing 42 fine wire springs. Length over all, 91 inches. Length between the arms, 75 inches. Depth seat, 22 in. Height, 35½ in.

All Pieces Match Perfectly—Combine Quality and Beauty

The davenport, arm chair, and fireside chair are made to match and are upholstered in the latest manner with multi-colored Jacquard velour, large figured velour being used for the back and seats while the arms, outside back, and panels are covered with a small figure Jacquard velour woven especially to harmonize.

Velour comes with a background closely woven of red and gold with thick pile fabric combining taupe and black in a beautiful effect, or taupe and brown, making a rich-looking upholstery in connection with the mixed colored background. State your choice of colors when ordering.

Notice the serpentine front and the curved outside of each end and the extra thick, deeply upholstered arms. The frames are made entirely of kiln-dried hardwood and the exposed wood parts are finished in dull mahogany. The filling is tow, moss and cotton. All pieces are equipped with noiseless steel glides.

Prettiest Living Room Set Imaginable!

Like a splash of summer sunshine right in your home—but not for a day—weeks—but years; for every piece is built to give service.

Sparkling life and cheerfulness emphasized in the pattern of the strong, **wearable** cretonne upholstery of every piece. Colors that even the picture does not do justice—tastefulness and good looks that you really don't appreciate until you get these pieces in your very home.

Then, placed in your home as you want them, you'll recognize beauty that you have always longed for—really serviceable pieces that will brighten your home and make it a place of joy and comfort.

Well Known Makes—On Easy Credit

Every piece the product of Nationally known manufacturers—firms that advertise in national magazines and newspapers—firms whose **guarantee you can depend upon!**

The Davenported is a product of the well known Simmons Co.; the rocker, arm chair, Coxwell chair and footstool by the famous Ypsilanti Co.; Hannahs made the exquisite davenport table. Added to the guarantee of these well known firms is **Our Own Double Guarantee Bond**—then you have assurance of absolute satisfaction.

Credit brings these pieces without thought of a big cash outlay now. Bargains like these usually mean a spot cash price—we spread the cost over many months throughout the year. The odd pennies, nickels and dimes will easily take care of the monthly payments.

Simmons Double Purpose Davenported

Answers a double purpose—a davenport or couch by day and a full sized bed at night. To operate, you simply slide out the lower hidden section on rollers and unfold the mattress. A child can do it. Makes a bed 45 inches wide by 75 inches long. Closed, it is 24 inches wide. The Davenported is made by Simmons.

Substantially made frame of angle iron, well braced and bolted. Link fabric spring made comfortable with a row of small coil springs at each end. The ends are stylish and beautiful. The mainposts are continuous, made of 1 1/16 inch tubing. There is a steel panel 6 3/4 inches wide with neat floral design harmonizing with the cretonne. The ends are finished in a rich antique walnut enamel. Shipping wt. of the Davenported complete, about 100 lbs.

Included is a Simmons 25-lb. felted cotton mattress, covered with heavy cretonne, black background with beautiful tulip and leaf pattern. Closely tufted and made with Imperial roll edge.

Arm Rocker is made by Ypsilanti and has a spring seat containing 9 coil springs. Comfortably padded and upholstered back. Frame is made of maple finished antique walnut. Has neat turned posts and shaped arms. Covered with an extra heavy quality of long wearing cretonne matching the Davenported. Seat measures 19 inches deep by 23 inches wide. Back is 21 inches high from seat. Height over all, 34 inches. Shipping weight about 40 lbs.

Overstuffed Arm Chair, Made by Ypsilanti. It is very comfortable and very attractive. Has a heavy frame made of select maple, the exposed wood parts being finished in antique walnut. Frame is securely doweled, braced and glued. Has full spring seat containing 9 springs. Thickly padded back and arms.

Upholstering is an extra heavy quality of cretonne, black background and neat green, red and yellow tulip design. This cretonne covers the chair completely, including ruffle at the bottom.

Seat measures 18 inches deep by 19 inches wide between the arms. Back is 23 inches high from seat. Height over all, 35 1/2 inches. Width over all, 26 1/2 inches. Shipping wt. about 35 lbs.

The Table is designed and finished to match the other pieces. Made of hardwood thoroughly kiln-dried. Stylishly designed, 6 turned legs. Top measures 18 x 48 inches. Height, 29 inches. Shipping weight about 60 lbs.

Shipped from Chicago, except the Coxwell chair and stool, which are shipped direct from Ypsilanti factory in Southern Michigan.

Lovely Coxwell Chair and Matched Stool

Table - Buffet - Four Chairs

*For the Usual
Price of a
Table Alone*

Try To Match This Value Anywhere!

Matchless in design, appearance, construction and value—equal in quality to sets costing \$125.00 or more! A splendid example of Spiegel values—a value we defy you to equal anywhere. **And—\$3.00 Down Brings the Set!**

The low price for the complete set of six pieces seems almost impossible. A table or buffet alone usually sells for as much as we ask for the complete set. But low as the price is—we don't ask you to take our word for anything. We urge you to prove it—at our expense. Send for the complete set—on a month's

free trial loan in your own home—to actually use and compare. Judge quality and value for yourself.

Then take credit as an added enjoyment of this rare bargain. **Not Forty-Nine Ninety Five** cash—but on the easiest credit imaginable—the low price spread over many months—paying almost as you please!

Large Enough for the Average Family

Complete six-piece dining room set, consisting of a buffet, a table and four chairs—enough pieces for the average family. If extra chairs are needed, they can be bought separately. But don't put off taking advantage of this bargain!

The appearance, construction and finish are the same as on the higher priced sets, made of the best kiln dried hardwood. Every piece is made in period style with turned legs on the table and turned front legs on the buffet and chairs to match. The ornamental back rail and the shaped and molded edges of the table and buffet all harmonize perfectly. Finish of all pieces is a rich, warm brown American Walnut color.

Buffet is splendidly built with a 5-ply built-up top, 3-ply end panels and 3-ply drawer bottoms. Will never warp, check or crack. It has two large drawers, the top drawer being decorated to give the appearance of two half length drawers and has inside divider. The drawers are neatly decorated in an artistic walnut overlay effect. Dovetailed construction carefully fitted.

Top is 42 inches wide and 16 inches deep. The height from the floor to the top is 33 inches. The height over all is 36½ inches. Top drawer is partitioned in the center to give space for silverware and linens, and is 3¼ inches deep. The bottom drawer is 6½ inches deep. Shipping weight, 100 lbs.

Extension Table solidly made with 5-ply built-up top. Heavy box frame. Legs are turned from heavy stock. Rounded corners finished with molded edges. Measures 33 inches wide and 44 inches long when closed. Two 8-inch leaves are furnished so that the table may be extended to 60 inches when opened. Has top lock. Shipping weight, 90 lbs.

Chairs to Match. The same construction and finish that you would expect to find in high priced sets. Well braced base with stretchers. Continuous back posts. 4-inch back panel.

The upholstered slip seats which measure 14 inches deep and 17½ inches wide are thickly padded and covered with an extra heavy quality of imitation blue Spanish leather, called "muleskin," because of its toughness and durability. Back is 19½ inches high from the seat. The height over all is 36½ inches.

Chairs are sold in pairs. Shipping weight of two chairs, 40 lbs.

The complete set is shipped from factory in Indiana. All pieces carefully crated so that they will reach you in perfect condition.

Ypsilanti Reed and Fibre Furniture

The leading values in reed and fibre furniture, made by the famous Ypsilanti Reed Furniture Company, are offered on this and the following pages. You, no doubt, have seen advertisements of this famous company in leading high-class magazines.

Made in their wonderful new, clean and well-lighted factories in Southern Michigan by well-paid, free American labor.

Do not confuse with prison made goods.

The Ypsilanti line of reed and fibre furniture is recognized everywhere as a standard of quality, uniformity and expert workmanship. Every piece is made of new, selected, clean materials. The weaving is perfect—not a flaw—and the upholstering is done by experts, insuring a smooth, comfortable piece of furniture.

The filling material is new, clean, white felted cotton. No cheap shoddy material is used. The cretonne used in upholstering is extra heavy, long-wearing quality costing fully double that which is often used.

The patterns and colorings of the cretonne are all the latest and newest and up-to-date. No job lots are used. You are sure to be pleased with any selection that you make from our showing of Ypsilanti patterns because the finishes, decorations and upholstery all are new, bright and fresh and harmonize perfectly.

Big, High Back Woven Fibre Rocker On Credit

Made by the famous Ypsilanti Reed Furniture Company. The most brilliantly handsome design this famous factory ever turned out. You've seen their advertisements. Their product is standard. There is no better furniture of this kind made anywhere by anyone, at any price.

More than a bargain! A really sensational value! The opportunity of a lifetime! Order it on approval and see if you can match it under twenty dollars!

Look at the graceful swell of the broad arms. See that lovely, high, luxurious back. The tapering, full roundness so stunningly obtained, is characteristic of really expensive furniture. The weaving is so perfectly done, so tightly drawn, so evenly spaced, that you'll find no flaw or blemish anywhere.

Notice the braided fiber reed edging below the seat. Then the openwork, lacy effects still further below and also under the arms. Contrasted against this is the solid woven fiber effects and the lovely inset at the back.

The Color is a soft, mellow tan, harmonizing perfectly with the covering and appropriately fitting into any surroundings.

The sensation of perfect ease when you sit in this rocker is a thrill in itself. The cushiony, automobile type of seat

is removable. Nine cone-shaped coil springs, supported on a heavy wood frame, and steel channel cross bars insure lasting pleasure and satisfaction. The generous filling of white felted cotton is evenly laid on, deeply padded and well rounded.

The back is upholstered to match the seat. Never any pulling, sagging or wrinkling. It is all too well done.

The Pattern of the cretonne is strikingly handsome. Its colors are a pure delight to look upon. It is composed of clusters of natural color iris, with a long, beautiful, spear-like foliage.

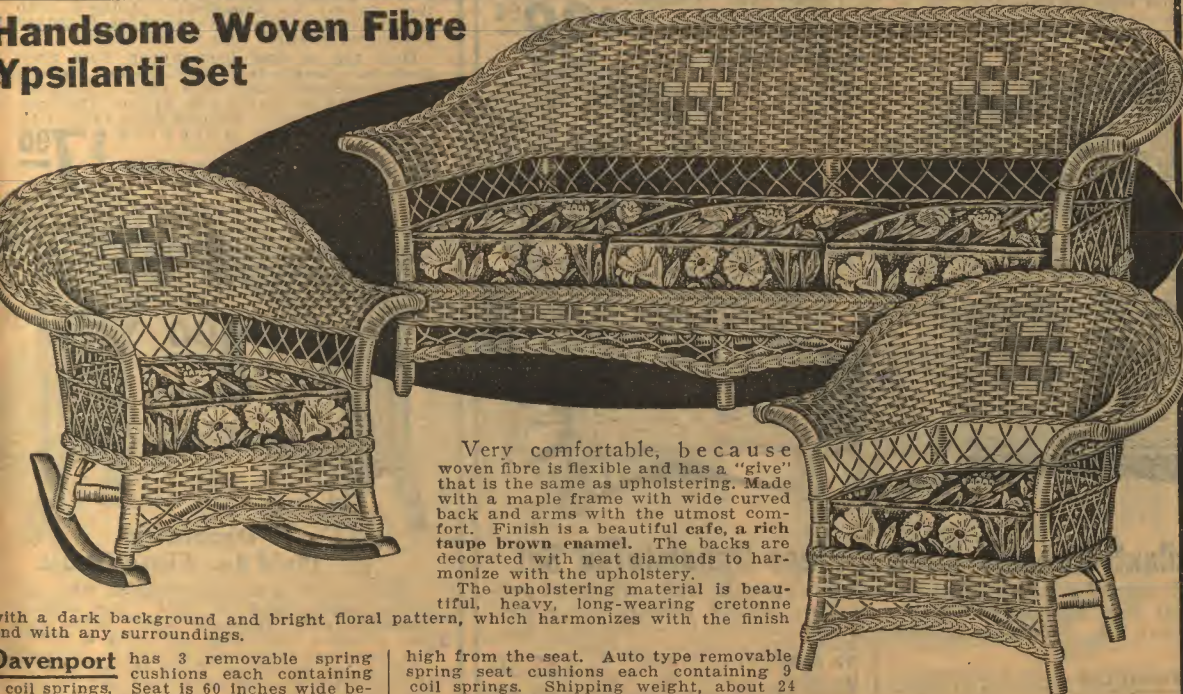

Measurements are extra large. Seat is 19½ inches wide by 18 inches deep. Back is 25½ inches high from seat. Height over all, from floor, 36½ inches. Width over all is 32 inches.

Guaranteed to reach you in perfect condition. Shipped from the famous Ypsilanti Reed Furniture factory in southern Michigan. Shipping weight, about 40 lbs.

Loom Woven Decorated Fibre

A handsome and very comfortable set made by Ypsilanti. The fine loom woven fibre is very attractive and pleasing. The back, sides and fronts are formed by fine loom-woven fibre formed over a heavy maple frame, well braced and very substantial. Finished at the edges with neat braid and the fronts and backs are decorated with a stencil diamond pattern in red and blue colors. The finish is a beautiful Cafe au Lait, a rich tan color that will harmonize with any furnishings.

The seat cushions are removable and are filled with fine springs and thickly padded with tow and cotton, covered with a beautiful cretonne in floral design with a tan background and blue figures. A good heavy quality that will give years of service. Made by free American labor. Do not confuse with goods made in prisons, which are of poor quality and very unsatisfactory.

The Davenport measures 56 in. long overall. The seat is 48 in. wide between the arms and 20 in. deep. Back is 18 in. high from seat.

For Your Baby's

Baby's health requires a daily airing, and a good carriage or sulky is an absolute necessity. Every one of our carriages, strollers and sulkies are carefully selected for baby's comfort, for ease in handling, and for superior quality of upholstery and beautiful, long-lasting finishes.

In making comparisons, note that most of our carriages and strollers are upholstered with heavy, long-wearing corduroy, which is much more expensive than the cheaper materials usually used.

Simmons Felted Cotton Cretonne Upholstered Mattresses Used On Our Simmons Daven Beds

Our davenbeds are all equipped with Simmons-made genuine white layer felted cotton. The mattresses are filled with pure, clean, unadulterated white cotton felt, made from selected cotton lintners, with no mixture of waste materials.

As far as we know, there is no other day bed on the market equipped with genuine layer felt mattresses, as all other manufacturers of day beds use a blown cotton pad, which is not felted and is not thoroughly cleaned, and soon becomes lumpy and uncomfortable.

Simmons davenbed mattresses are covered with extra heavy quality cretonne. The cretonne used on Simmons mattresses costs fully twice as much as that which is often used. Simmons pays this premium to get weight, wearing qualities, sunfast colors and selection of beautiful patterns.

Simmons 32-LB. "Windsor" Felted Cotton Davenbed Mattress

Will fit Simmons automatic davenbeds. Nearly as thick as a regular bed mattress. It is made with Imperial roll edges with box sides. Closely tufted. The filling is pure white felted layer cotton.

Covering is a beautiful cretonne of exceptionally heavy, long-wearing quality. Has a flounce or curtain on the front and ends to hide the framework of the davenbed. The cretonne has a gray and tan colored background with floral pattern in natural colors, dark enough so that it will not soil easily. Weighs 32 lbs. net. Shipping weight, about 37 lbs. Measures 52 inches wide open; 28 inches wide when folded, and 74 in. long.

Simmons 24-LB. "Yale" Felted Cotton Davenbed Mattress

Made with a filling of white felted layers of cotton and closely tufted, made with round edges. Has a covering of beautiful floral design cretonne of heavy, long-wearing quality. Has black background with flowers and foliage in natural colors. Flounce of the same material on the front and ends to hide the framework of the davenbed. Measures 52 inches wide when open and 28 inches wide when folded, and is 74 inches long. Net weight, 24 lbs. Shipping weight, about 29 lbs.

Simmons 25-LB. "S-M-S" Felted Cotton Davenbed Mattress

This davenbed mattress fits any of our Simmons slide-out pattern day beds shown on the opposite page. Filled with layers of white felted cotton. Closely tufted. Made with Imperial roll edges and box sides.

Covered with a heavy quality of cretonne with black background with beautifully colored tulip and leaf design. Has flounce at the front and ends to hide the framework of the davenbed. Net weight, 25 lbs. Shpg. wt., about 30 lbs. Measures 45 inches wide when open and 24 inches wide when folded, and is 74 inches long.

Simmons "Crescent" 18-LB. Felted Cotton Davenbed Mattress

Made with a filling of pure white layer felted cotton and covering of cretonne with tan background in a brightly colored floral pattern. Nicely tufted and made with round edges. Has flounce. Fits any of Simmons slide-out pattern day beds. Measures 45 inches wide open and 24 inches wide folded.

Simmons Day Beds with Simmons Felted Cotton Mattresses

Every day bed we sell is a Simmons product and it is equipped with a Simmons felted cotton mattress. You get Simmons standard quality through out. A Simmons felted cotton day bed mattress is far superior to the blown or unfelted cotton mattress usually sold with day beds. They will hold their shape and give years of service, whereas the cheaper kind becomes lumpy and useless in a short time.

The cretonne coverings used on the Simmons day bed mattresses are selected designs and approved color combinations that will harmonize with any surroundings. The wearing cloth is used, as no light, flimsy cloth is used. When you purchase a day bed, be sure that it is a Simmons make, if you want satisfaction and lasting qualities.

Simmons Automatic Davenport Complete with Mattress

Simmons one-motion automatic davenport bed with Windsor style ends, formed of seamless steel tubing 1 1/2 inches in diameter. Simmons Single Deck 90 Coil Bed Spring

Although we would recommend the purchase of one of our double deck springs for the utmost comfort, this is an economical bed spring that will give good service.

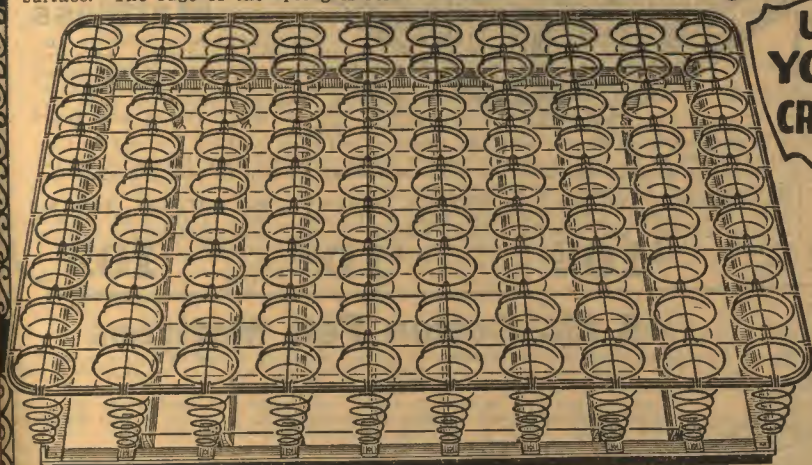

Made with a heavy angle steel frame with cross bars of steel supporting 90 single cone shaped coils. This base is further reinforced by heavy tie wires running lengthwise and the tops of the coils are tied together with pairs of small coil springs, making each spring act independently of the others.

The edges of the spring are reinforced with a heavy steel rod.

Furnished in full width, 4 ft. 6 in. wide to fit regular full size beds, 4 ft. wide to fit three-quarter size beds, or 3 ft. 3 in. to fit twin size beds. Crated and shipped from stock at Chicago. Shipping weight, about 78 lbs. No. RB7618. State Width Wanted. Price.....

Simmons Low Price Slat Base Bed Spring

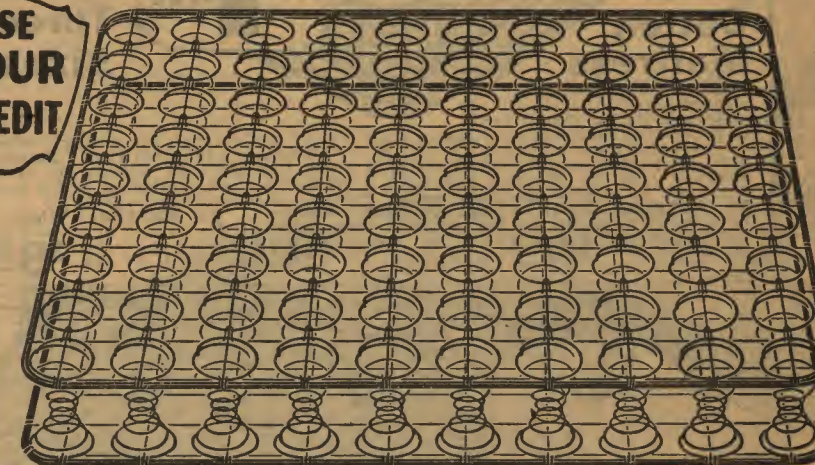

Made with a frame of heavy angle iron with steel slat base and the cross slats set on edge for extra strength and tied lengthwise with heavy cross tied wires. Sleeping surface formed by 90 cone shaped coil springs made of carbon steel wire and are tied together at the top with cross tied wires, making a smooth sleeping surface.

This is a spring that will give good service, but for the little extra money it will cost, we would recommend one of our double deck springs shown at the top of the page.

Spring is finished in gray enamel baked on so that it will never chip or peel off. Crated and shipped from stock at Chicago. Furnished in full width to fit bed 4 ft. 6 in. wide, or three-quarter width to fit bed 4 ft. wide, or twin size to fit bed 3 ft. 3 in. wide. Shipping weight, about 75 lbs.

Made In Dixie Genuine Simmons Mattress

The Simmons Company make this mattress in their wonderful mattress factory at Atlanta, Georgia, where the best cotton grows. Being right on the ground, they have their pick of the choicest cotton. The workmen are experienced mattress makers who take this choice, selected cotton and build up a mattress that will surprise you with its soft, comfortable, sleep producing qualities. If you have never had a Simmons mattress, you owe it to yourself to get one. You will never know what genuine comfort is until you sleep upon one of these Simmons mattresses. The fact that they are made by the Simmons Company is ample guarantee that you are going to be more than satisfied, and in addition to that you have our double guarantee of absolute satisfaction.

Hand Made

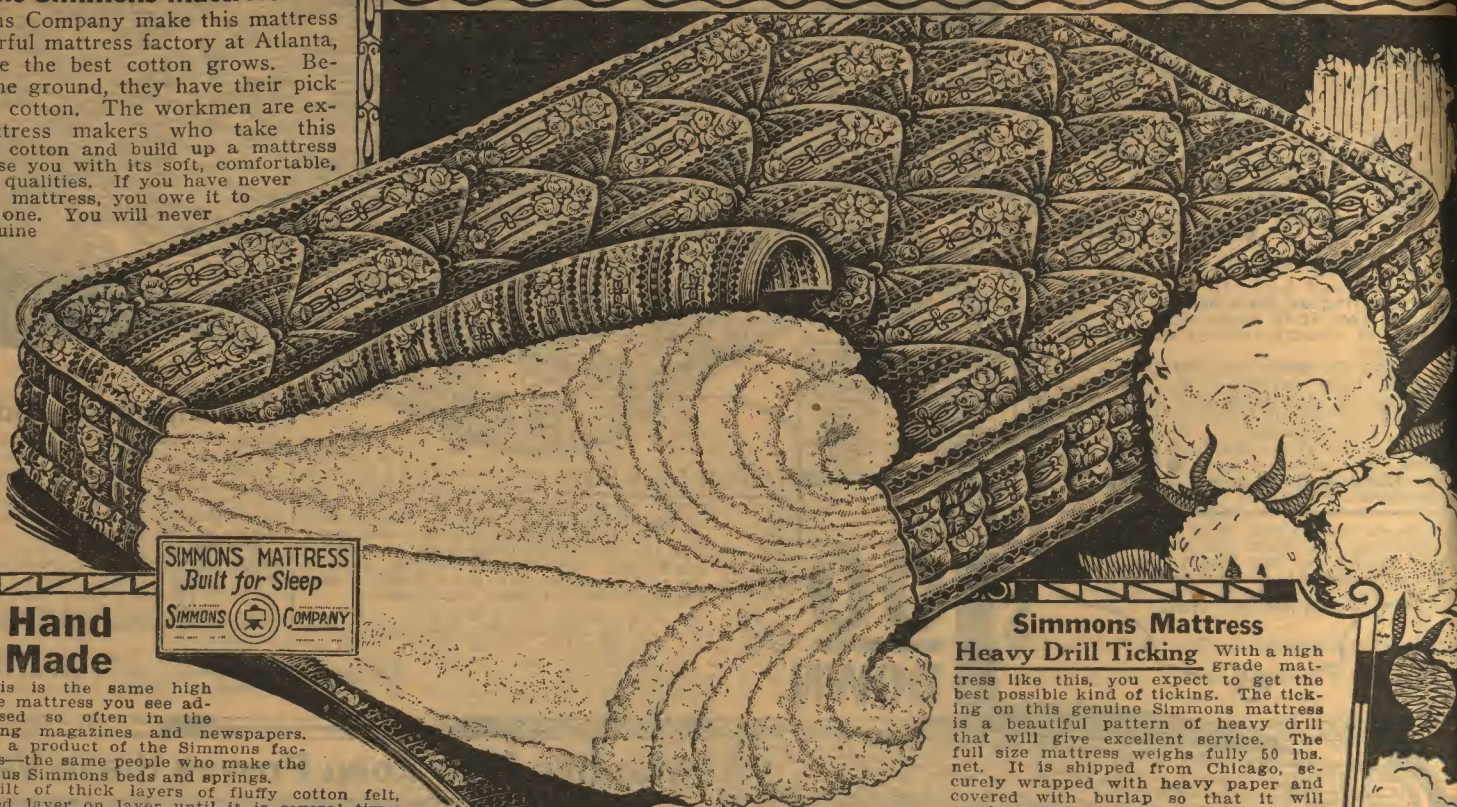

This is the same high grade mattress you see advertised so often in the leading magazines and newspapers. It is a product of the Simmons factories—the same people who make the famous Simmons beds and springs.

Built of thick layers of fluffy cotton felt, placed layer on layer until it is several times the thickness of the finished mattress. Close tufting prevents any possibility of the filling ever shifting.

Hand Finished The sides and edges of this mattress are especially well finished. The edges all around, at both top and bottom, are finished with the Imperial roll and the sides are stitched with four rows of stitching all around. This gives you a high grade box side mattress that can never get out of shape—a mattress that will keep its original quality and appearance even after years of use.

Simmons 50 Lb. Felted Cotton Mattress

45 Lb. Cotton Felt Mattress

In this mattress we use a selected cotton which is felted in layers making a cotton bat filling that is soft and fluffy. When the required number of layers are put one on top of the other, they are compressed. It is fitted with side handles, making it easy to turn. (By giving this mattress an occasional sun bath, and turning it over once in a while, it will lengthen its life.)

The Ticking The ticking used on this mattress is a beautiful floral art pattern, selected for its good wearing qualities. It is strong and well woven. The mattress is nicely finished, closely tufted to prevent shifting of the filling material, and has box sides and ends and a roll edge all around at the top and bottom. When finished, the mattress is about 5 1/2 in. thick and weighs fully 45 lbs., about 5 lbs. more than the ordinary felted cotton mattresses. The shipping weight is about 50 lbs.

We can furnish this mattress in three different sizes, 4 ft. 6 in. wide to fit full size bed, 4 ft. wide to fit three-quarter size bed, or 3 ft. 3 in. to fit twin size beds. All of these sizes are made to fit the full length bed. The mattress comes wrapped in paper and burlap so as to reach you in clean and perfect condition. Shipped from Chicago.

Spiegel's Special

Our highest grade felted cotton mattress.

When we told our factory about our plans to offer our customers a big value in a high-grade, felted cotton mattress to be labeled "Spiegel's Special," they were enthusiastic about the idea and the mattress that they have made for us is, we believe, beyond question the last word in quality in a felted cotton mattress.

Look At The Low Prices!

High-grade in filling, high-grade in covering, high-grade in workmanship. It is a hand-made mattress. A quality mattress on which we are proud to have our label.

Fleecy White Cotton selected for its cleanliness, color and extra long staple. Felted by machinery that straightens the fibers, removes all dirt and foreign matter and lays the cotton in fleecy layers. Tufted in 59 places by passing a double cord through the mattress and tying at each side.

Sateen Ticking edges finished with imperial roll, reinforced with 4 rows of side stitching done by hand. Heavy quality.

This mattress is furnished in full size, 4 ft. 6 in. to fit regular size bed, in 4 ft. width to fit a three-quarter size bed, or in 3 ft. 3 in. width to fit a twin size bed. Packed in heavy paper and burlapped. Net weight, 50 lbs. Shipping weight, about 55 lbs.

Real Big Thick Mattress Built In 5 Layers

Just look at the exceptionally low price we are asking for this high grade, sanitary mattress. It is made of five layers, with felted cotton on the top and bottom, fine wood wool excelsior underneath; center of medium excelsior.

The illustration shows one end opened up, and gives you an idea of how the five layers look in this mattress. The top and bottom layers are felted cotton, with felted cotton on the sides and ends also. Then comes the three layers of fine and medium excelsior.

We have used much thicker layers of felted cotton on the top, bottom, ends and sides of this mattress than are usually used in a combination mattress. Also the excelsior used is finer and cleaner.

Imperial Roll Edge The mattress is made just like a high priced mattress, with box sides and ends, and finished all around, at both top and bottom, with the Imperial roll edge. It also has handles at the sides, making it very easy to turn.

Good Quality Ticking The ticking used on this mattress is a beautiful floral art pattern. The material is very well woven and will give excellent service.

Big and Thick This is a great big, thick, husky mattress and about 6 in. high. The full size mattress actually weighs about 45 lbs., which is practically 5 lbs. more than the ordinary mattress. All mattresses are full length, 6 ft. 4 in. long. Shipped from Chicago. Choice of 3 sizes.

Reversible Cotton Top And Bottom

You are bound to get wonderful comfort and service out of this well made mattress. On the top and bottom are thick layers of felted cotton, and in the center is a filling of basswood, ribbon band excelsior, which curls up and gives almost like a hair mattress.

This ribbon band excelsior is the very best possible material of its kind for this purpose. It is clean and sanitary and easy to sleep on. It never shifts.

Good Quality Ticking The ticking used on this mattress is an excellent grade in a neatly striped pattern. It is diamond tufted to prevent the filling material from shifting, and is well finished all around with the Imperial roll edge. All widths come in full length, 6 ft. 4 in. long.

It is carefully packed and wrapped with heavy paper and burlap so as to reach you in perfect condition. Shipped from Chicago.

Bargain Cotton Top Mattress

Made just as carefully as our higher priced mattresses, but the material used enables us to sell it at a much lower price. It will give very good service, and where a low priced mattress is desired, this is the mattress to buy.

Felted Cotton Top First of all, there is a filling of good quality excelsior, guaranteed clean and sanitary. Over this we put a thick layer of cotton to make the mattress feel nice and soft when you lie on it. It is then covered with a good quality, fancy striped ticking that will give excellent service. It is tufted just as carefully as our higher priced mattresses, so that the filling will not shift or sag.

Imperial Roll Edge This mattress has box sides and ends and is finished all around at both top and bottom with the Imperial Roll Edge to keep it in shape. Shop around and compare prices and quality offered elsewhere.

Simmons Beds Have No Equal!

No other bed equals a Simmons bed in beauty, comfort, or service! Simmons use smooth, seamless tubing where other manufacturers use rough, seamed tubing. Simmons use one one-piece, smooth, seamless steel turnings of exquisite beauty. No other manufacturer can duplicate these!

Simmons Forest Wood finish is duplicated nowhere else. It reproduces on the

surface of a bed the exact grain and color of the most beautiful natural walnut grain, by a new process invented by Simmons. Simmons corner lock is superior to all others. It is solid, rigid, and unbreakable.

Whether you buy your bed of us or not; be sure it is a Simmons to insure lasting satisfaction.

Simmons Metal Beds

Complete with Spring and Mattress

Famous Graceline Steel Bed

This is a genuine Simmons Graceline Bed. The bed regularly sells for from \$5.00 to \$7.00 more than the cost price we quote. Because we bought an enormous quantity we can quote you such a bargain price. Remember, it is one of Simmons newest beds, made with the famous Graceline steel tubing that looks exactly as though it were carved from a piece of solid walnut. We can furnish the bed alone or the complete outfit, consisting of bed, spring and mattress.

FOREST WOOD WALNUT FINISH

You could not select a handsomer or more practical outfit than this one. It consists of a genuine Simmons Steel Bed, and a 50-lb. felted cotton mattress and a Simmons bed spring to fit the bed.

The Bed The Simmons bed with Graceline main post 1 1/2 in. thick, fitted with casters, 6 upright filling rods 1 1/2 in. wide, bottom cross rod 1 1/2 in., center panel 10 in. wide at the bottom and 20 in. wide at the top, beautifully decorated. Bed is finished in Simmons Forest wood Walnut finish, but looks like solid walnut. It is 4 ft. 6 in. wide and 6 ft. 4 in. long. Fitted with reversible side rails.

The Spring is a Simmons product with heavy pipe sides and angle iron ends. The corner riser brings the fabric 4 in. above the side rails. This fabric is a double link, twisted wire, with small coil springs in the ends, and sides are finished with steel strap border.

Felted Cotton Mattress weighs 50 lbs. net and is made of built-up layers of felted cotton.

Ticking is a handsome floral pattern in a good, heavy, long-wearing quality. Mattress is closely tufted and finished with Imperial roll edges. Securely packed in paper and burlap so that it will reach you fresh and clean just as it comes from the factory. Shipping weight of the bed, 75 lbs. Complete outfit, 170 lbs.

A Simmons Steel Bed—Simmons Felt and Cotton Mattress—Simmons Soft Top Coil Spring

All made in Simmons factories—Simmons guaranteed—Spiegel guaranteed. Quality merchandise that will give years of service—and about a year to pay in little monthly amounts.

The Bed is one of Simmons latest patterns, with all of the latest Simmons developments, including the new Graceline tubing forming the mainposts, the new upright turnings, and featuring the extra wide decorated panel and the latest forestwood finish, reproducing the exact grain of the most beautiful walnut wood. This is one of the best of the latest Simmons patterns which we are offering to you at a big saving.

Mainposts are 1 1/4 inches thick, fitted with casters. The solid panel is 21 1/4 inches wide and has a neat floral decoration. The head end is 49 inches high, the foot end 33 inches high. Comes in full width, 4 ft. 6 in. wide and is 6 ft. 4 in. long. Has reversible steel siderails.

Soft Top Coil Bedspring is equal to coil springs advertised and sold for nearly \$15.00. Made with a heavy angle frame with steel cross bars supporting 99 cone-shaped coil springs of heavy carbon steel wire. Top is tied with 160 small coil

springs, making it soft and flexible. Green enamel finish.

Simmons 50-Lb. Felted and Cotton Mattress

This is the famous Simmons Good Rest 50-lb. mattress. Made by Simmons in their Atlanta, Georgia, factory. Is the same high-grade mattress you so often see advertised by Simmons in the leading magazines and newspapers. Notice the thick layers of fluffy cotton felt closely tufted to prevent the possibility of the filling ever shifting. The middle of the mattress is filled with unfelted cotton that is pure, clean and white while felted cotton is used on sides, ends, top and bottom.

It is finished on the sides and edges, and the top and bottom are finished with Imperial roll all around. This gives you a high-grade box side mattress that will never get out of shape. Has a heavy ticking in a beautiful floral design especially selected by the Simmons Company. Comes in full size, weighing 50 lbs.

By purchasing this outfit you have the last word in beauty, comfort, and long wear in a complete outfit. Every piece made by Simmons. Shipped from Chicago. Shipping weight of the bed, about 85 lbs. **\$19.95**

Simmons Graceline Steel Bed Cane Panel—Turned Filler Rods—Spring and Mattress, As An Outfit

This bed embodies all the latest developments of the famous Simmons Company, giving you the new Graceline shaped tubing, the new beautiful turnings that look like wood, the steel cane panel with attractive decoration, and Simmons new Forest Wood Walnut finish, a finish by which steel beds are made really beautiful. This is a new development in the art of finishing by which the actual grain of the most beautiful walnut is actually transferred to the surface of the bed. The finish is baked on and is practically indestructible.

The Mainposts are made of seamless tubing 1 1/4 inches in diameter. The turned filler rods are 1 1/4 inches in diameter. The steel cane panel is 8 inches wide. The head end is 50 inches high and the foot end 34 inches high. Equipped with reversible steel side rails. Comes in full width, 4 ft. 6 in. wide.

Period Dining Room Set Dependable Low Price Set

This, without question, we believe to be the lowest price on a dependable dining room set. The set consists of an extension table, a buffet, six dining room chairs and a china closet; or a table and 6 chairs; or an 8-piece set including buffet.

Every piece is made of select gumwood that is thoroughly seasoned and kiln-dried and securely constructed. Finished in the popular warm brown American walnut color, hand rubbed and shaded. Equipped with metal hardware. Made in modern style with nicely turned legs and neat decorations. All pieces match nicely.

Table is solidly built. Top measures 40x54 in. when closed and extends to 70 inches long. Extra leaves furnished. Has 6 legs turned from heavy stock. Shipping weight, 100 lbs.

The Buffet is splendidly designed with a top measuring 54 inches long and 20 inches deep. Notice the fancy top back rail and front bottom rail designed to harmonize. In the center are two large, convenient drawers, the top drawer being lined for silverware. At either side of these drawers are large, roomy cupboard compartments closing with doors, well hung on hinges. These doors are finished in an artistic panel effect. Shpg. wt., 130 lbs.

China Closet has an artistic glass door closing over a large compartment with adjustable shelves. Just the place to show off your nice dinnerware. Wood panel sides and ends. Turned front legs, straight back legs, well braced with stretchers. The closet is 36 in. wide, 15 in. deep and 61 in. high from the floor. Shipping weight, 110 lbs.

Dining Chairs are made to match. Upholstered in blue heavy muleskin imitation leather. Seats are removable and measure 15½x17 in. They are well padded. Seats are 18 in. high from floor. Height over all, 37 in. Shipped from stock at Chicago. Shipping weight, about 18 lbs.

Massive Colonial Oak Buffet

The first thing to remember is that this buffet is a great, big, massive design, solidly built of Indiana oak, with genuine quarter sawed oak on the top and front.

The sweeping lines of the handsome Colonial style are carried out to wonderful advantage. It has sturdy Colonial pilasters and mirror standards to match. There is a broad Colonial decoration between the two middle doors, matching the fronts.

All joints are securely mortised, tenoned and glued. There are angle braces in the corners, making the frame work perfectly rigid throughout. The drawer fronts, top and end panels are of heavy built up stock—the kind that can never warp, check or shrink. The drawers are of dovetailed construction, carefully fitted, and run on slides.

The Dimensions The top measures 42 in. long by 20 in. deep. It has a heavy plank edge. There are two small drawers just under the flat top. One of these is lined for silverware. Below these drawers is a large cupboard compartment with swinging doors. In the bottom is a full length, full depth drawer for table linens, etc. All of the drawers and doors are fitted with Colonial wood knobs.

Mirror Back The mirror is French plate, with beveled edge and measures 36 in. long by 8 in. high. At each side is a heavy Colonial pilaster and above is a plank shelf, suitable for bric-a-brac. At the back is a guard to prevent articles from falling off behind the buffet.

Golden Finish This handsome buffet is furnished in a rich golden finish, bringing out all the beautiful grain of the wood.

Kitchen Cabinet With Clock & Mirror

Next to your kitchen cabinet, the two things you find the most use for in a kitchen are a good dependable clock, and perhaps a mirror to glance at occasionally.

The maker of this kitchen cabinet had these necessities in mind when he incorporated a good, dependable timekeeper and a neat, attractive mirror in the door. The mirror measures 8x8 in. and the clock, a New Haven timekeeper, is one that usually retails for \$2.50.

The Cabinet is strongly and sturdily made, in your choice of selected solid oak, finished a rich golden oak, or it can be had in a sanitary white or gray enamel, in which case the cabinet is made of hardwood. All three finishes are steam-proof and moisture-proof. The top section of all cabinets are finished in white enamel on the inside.

Porcelain Top is 41 in. wide and 25 in. deep. The top pulls out, making a working space of 35 in.

Base Section has large pot compartment and pan compartment. Removable wire shelf and cutting board. 4 drawers, one metal lined with metal lid for bread or cake.

Top Section has metal flour bin with sifter. Large cupboard compartment and full curtain front. Equipped with glass sugar jar, tea and coffee jars, and 4 spice jars, as illustrated.

Down Brings This Useful Kitchen Cabinet

Here is a product of a famous manufacturer, a name nationally known. Everything that brains and skill could do has made this kitchen cabinet an outstanding example of wonderful utility, of expert construction, of splendid finish and appearance.

Full sized in every way. Every dimension big—every space plentifully large. Nothing is skimmed either in roominess, in workmanship, in design or in finish.

Its generous proportions, substantial construction and spick-and-span appearance, will delight any woman. We welcome comparison with high priced, high grade kitchen cabinets. Judge it from a quality standpoint. Look upon it as a forty-five-dollar kitchen cabinet that you now get for twenty-nine dollars and ninety-five cents—TWENTY-NINE DOLLARS AND NINETY-FIVE CENTS ON LONG CREDIT.

Search as hard as you please, you can't name a good convenience not found in this wonderful kitchen cabinet.

Genuine Porcelain Sliding Top Most kitchen cabinets that sell for a lot more money have only a metal top. This top is made of heavy metal with white porcelain enamel fused on, unbreakable and practically indestructible. It washes like a dish. Liquids cannot run off the raised edges. Edges are a pretty blue.

The top slides in and out easily. When full out, the working space measures 32x42 in. Closed, it measures 25x42 in.

Notice the neat floral decoration that appears on the front of the flour bin. This also appears on the front of each of the top doors, giving the cabinet a very handsome appearance. Three finishes—one price.

You have your choice of beautiful golden oak, gray enamel or full white enamel, as shown in the big picture—all at the same low bargain price. These finishes are all beautifully and expertly applied. Only selected white oak or fine hardwood is used throughout. The varnish will withstand the

steam of the kitchen, the enamels will not crack or crack and the wood will not warp. We absolutely guarantee in the strongest possible way the construction, the finish and the materials.

The Base Section has a large cupboard compartment at left with wire rack on inside of the door. Removable wire shelf are fitted to prevent rusting. The cupboard measures 18x20x21 in.

At the right is a large, dust-proof, damp-proof metal bread drawer. Has perforated sliding lid. Measures 9x13x18 in.

Two other drawers are above the big one, keep kitchen needs at your finger tips. Top drawer 3 1/2 in. deep, the middle drawer is 4 1/2 in. deep. Nickel plated handles.

The Top Section is large and roomy and is rigidly built. At the left is a metal flour bin; capacity, 24 lbs. It has self attachment. Swinging lower door.

At the right is a big compartment with roll curtain. This contains a glass sugar jar holding 6 lbs. Other glass and chinaware not furnished. Above is a big section, with shelves, closed in with prettily paneled doors.

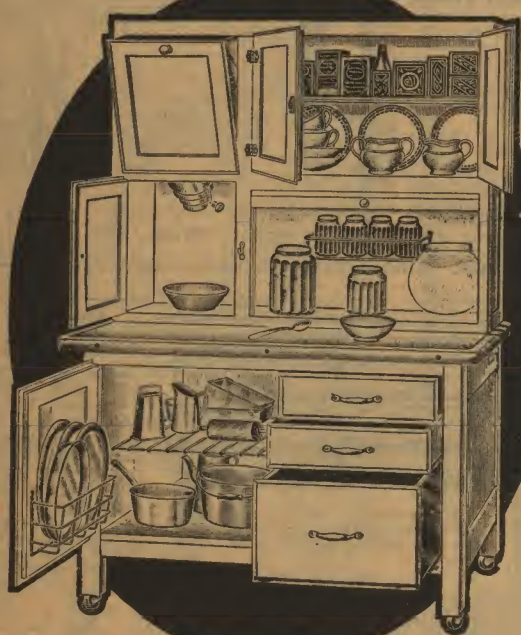

The Interior of all compartments of the top section is finished in white enamel. All models. No matter what finish you select, the top is always clean, beautiful, white enamel on the inside.

Cabinet is 65 in. high; 42 in. wide and 25 in. deep. Compare these generous sizes anywhere.

48-in. Cabinet Extension Top Drawers

A big feature of this cabinet is the extra large size, also the extension top. You pull out work table and top drawers together so they are always handy.

Three Finishes

The golden oak is made of selected Indiana oak finished high grade moisture-proof varnish. The interior of the top section is finished in a beautiful white sanitary enamel. In the all white or gray enamel finish, the cabinet is made of selected

cabinet hardwood.

Upper Section

On the left-hand side of the upper section is a well made metal flour bin of 50-lb. capacity. In the upper center is a dinnerware compartment with a center shelf. This closes with two wood panel doors. Below the compartment is the space occupied by the four spice jars, the tea and coffee canister and the swinging sugar jar which holds 10 lbs. A roll curtain conceals this space. On the right-hand side is a three-shelf compartment for small kitchen articles. Underneath is a tilting bin which holds 20 lbs. This compartment closes with a full length door, fitted with a money till at the top, etc.

Extension Work Top

Improved extension feature so that when you pull out the work top, not only the porcelain top but the entire top drawer section can be pulled out along with it. The table is made of genuine porcelain. The edges are slightly raised. It stands 34 in. high from the floor, and when closed, it measures 48x27 in. It can be pulled out to form a working space, 48 in. wide and 36 in. deep.

Base Section

Under the sliding work top is a large drawer divided for table linens. Under this is a large metal lined drawer with a sliding top for keeping bread, cake and pastries. The large utensil cupboard is divided by a wire shelf. This shelf and the bottom slide in and out. Doors equipped with wire racks. A bread board in the center.

Guaranteed Refrigerators On Credit

Snowflake Side Icing Refrigerator

Choice Of 3 Or 4 Door Models

Most families make a big mistake by buying a refrigerator that is too small. A larger size one that holds plenty of ice—is real economy! A bigger piece of ice not only lasts longer, but keeps the inside temperature much cooler than a small piece of ice does. A cooler inside temperature not only preserves foodstuffs, but insures the family health!

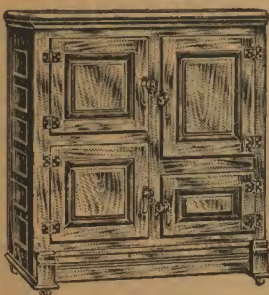

Outer Case is made of weather seasoned selected Northern ash, thoroughly kiln-dried and is varnished in a rich golden oak color. Made with heavy shaped panels in one piece and are grooved in on rails. Entire case is tongued and grooved, producing a practical air-tight construction that cannot weave, twist or come apart.

Inner Case is of kiln-dried odorless wood, lined with metal and fastened together with hardwood cleats which support the case, making a refrigerator for strength, durability and beauty that cannot be equalled. The space between the outer and inner case is filled with mineral wool and is so constructed that it cannot warp or come apart. This manner of insulation is the very best known and is recommended by the United States Bureau of Standards. This refrigerator is high grade in every particular, the construction and finish being of the very best quality.

2 Models The refrigerator is furnished in either the 3-door model, as shown in the large illustration, or the 4-door model in the larger sizes, as shown in the small illustration.

Clean and Sanitary It is easy to keep clean and sanitary, as the shelves, ice rack, and drain pipe are all removable for cleansing.

The interior of the food compartments are made of white enamel baked on and is easy to clean. Has a syphon drain trap which prevents the outside air and odors from entering the interior of the refrigerator. Fitted with high-grade bronze nickel plated hardware and casters. Shelves are heavily tinned. Shipped from factory in Wisconsin.

Food Refrigerators Save Ice

Most Popular of All Style Refrigerators Everything Right Before You!

GRAY ENAMEL

WHITE ENAMEL

Experiments prove that it is far cheaper to have a refrigerator with a large ice capacity than to have a small one. You, too, would find it more economical to have a large size box and the saving in ice and through proper preservation of foods, would soon offset the difference in price. For your own sake, we urge the purchase of a large refrigerator—you will not regret it.

White or Gray Enamel—Also Golden Oak

The new idea of selecting a refrigerator to match your kitchen furniture is a good one. The beautiful white enamel or the lovely gray enamel enables you to match your breakfast set or kitchen cabinet besides being clean and sanitary—or the golden oak, which is appropriate in any kitchen. Waterproof, steamproof, moistureproof in any finish you select.

This is the most popular of all styles of refrigerators. It combines absolute icing economy with the greatest possible food capacity, and the greatest convenience, because everything is right in front of you and easy to get at. You have your choice of five sizes and three beautiful finishes.

The Case is made of selected Northern ash wood that is thoroughly weather seasoned and kiln dried, put together in a strong, substantial manner and thoroughly insulated with charcoal sheathing and air space. The inside body is of odorless wood with a metal lining which covers the entire inside parts of the refrigerator. This insulating is scientific and prevents sweating and at the same time retains a uniform cold temperature and saves ice.

White Enamel Interior Inside of the food chambers are covered with pure mineral white enamel baked on, presenting a smooth, glassy surface that is easy to keep clean and sanitary. Fitted with an interlocking sealed waste water trap, that absolutely prevents air odors entering from the outside.

Easy to Keep Clean and Sanitary

Sanitary Features are the removable flues, removable drain pipes and removable galvanized steel ice rack which can be easily taken out for cleansing, thus keeping the refrigerator sweet and bright as when new. The front apron is hinged, making it easy to get under the refrigerator. The hinges and door catches are made of heavy cast bronze, nickel plated. Shelves are heavily tinned to prevent rusting.

Refrigerator is so constructed that there is a constant circulation of cold air. Fitted with casters. Shipped from factory in Wisconsin.

We guarantee the ice capacity of our refrigerator. It is easy to make claims in relation to

Credit Will Bring a New Dependable Range

Use Your Credit

There is no reason why a good, honest working man and his family should not have their homes as nicely arranged as the more well-to-do folks. That is the reason we are in business. It is to help people like you make your homes brighter and more attractive that we develop our wonderful liberal credit plan.

Don't worry about the cash outlay now. The price itself is low enough to begin with, and when you consider the fact that the monthly payments are spread over practically an entire year, there is no reason at all why you cannot afford to get one.

Mazda Steel Range

We do not know of any house selling for either cash or on credit that is offering a range value equal to this one. Our factory, by specializing on one type of range only and making ranges of one size and style in enormous quantities, on the same plan as the Ford Motor Company makes automobiles, is able to cut the cost away below that of the regular stove factory, making a number of different patterns.

It's Easy to Make Your Own Price Comparison

Because of the great amount of white porcelain used, this range is easy to keep clean and sanitary. All of the doors, the splashers back, are made with white porcelain panels, the door panels being made in the popular swell shape. The door frames and the high closet frame, the front of the reservoir all are finished in baked-on black Japan which is as easy to keep clean as white porcelain and makes a beautiful contrast.

Large Cooking Top The cooking top measures 31½x22 in. without the reservoir, or 43x22 in. when the range is ordered with reservoir. It has six 8-in. lids. The large fire box has Duplex grates and heavy cast linings and will burn any kind of fuel. The end linings are removable so that you can burn sticks of wood 18 in. long. The fire box measures 15x7½ in. with all linings in place. It has a pouch feed at the end, also a front feed door. Underneath the pouch feed is a sliding draft. Large, roomy ash pit is equipped with a steel ash pan with wire bail. High closet is of the latest type.

With or Without Reservoir If orders with a reservoir, we furnish one of galvanized steel. It has a capacity of 22 quarts and heats by contact. It has double lids on the top. Range can be had without reservoir, if desired.

Excellent Baking Oven The oven is ample in size, being 18 in. deep, 18 in. wide and 12 in. high. It is divided with a wire shelf in the center. It closes with a white porcelain cushion panel door, furnished with an ebony finish cool handle. When open, the door forms a convenient shelf.

Base is made of steel with cast legs and the body and oven are made of heavy steel in triple construction, the outer and inner wall being of steel and interlined with asbestos.

Houston Steel Range On Easy Credit

We always recommend the purchase of our higher priced ranges because of the sturdier construction and consequently longer life, yet if the amount of money you have to spend is limited, then the Houston Steel Range will probably meet your needs. The price of this range is exceptionally low and shows quite a nice saving. Our easy credit plan makes it delightfully simple to meet the small monthly payments. When you stop to think about a dime a day pays for one of these ranges under our plan, there is no reason why you should put off ordering a single minute longer.

Month's Free Trial Loan—Pay Little By Little

Triple Wall Construction The body and the oven are built of steel in triple wall construction, the steel base is fitted with heavy cast legs. The oven is 18 in. deep, 18 in. wide and 12 in. high, fitted with wire shelf. The front door is made in drop style, with a white porcelain panel and a Japan frame, set with an ebony wood cool handle. Under the oven door is a clean-out door.

Burns Any Fuel The fire box measures 16x8x7½ in. It has Duplex grates, which can be turned so as to burn either wood or coal, cobs or trash, or anything else that will burn. The end linings are removable so that you can put in sticks of wood 19 inches long. There is a handy drop door at the front for feeding these long sticks of wood. There is also a pouch feed door at the side so that you can feed the fire from the front, the side or from the top under the cooking space. The large, roomy ash pit is equipped with a steel ash pan and wire bail, and closes with a porcelain panel door. Under the pouch feed at the side is a sliding draft.

High Warming Closet At the top of the splashers back is a high warming closet with a cast iron Japan frame and nicked name plate and handle. It closes with a roll style door and provides ample space for keeping food warm. The inside measures 30 in. long. Stove pipe is in back of splashers, out of sight.

The Cooking Top has six 8-in. lids and is made in key plate style. It measures 43½x23 in. with the reservoir, or 31½x23 in. without the reservoir. When reservoir is furnished, we supply one that holds 22 quarts of water. It is made of galvanized steel, has a white porcelain panel at the front and heats by contact. The range can also be furnished without the reservoir, if desired.

Credit Makes It Easy to get the range. You don't have to worry about a cash outlay when you buy from us. If this range is the one you want, simply send a small deposit and the range will be sent immediately upon a month's free trial loan. You can set it up in your kitchen and cook and bake with it and use it every way just as though it were yours for a whole month, before you make up your mind about it.

You can look around local stores or anywhere else and see what similar range costs you. You can compare the appearance, construction and the size with any other range you wish. If, for any reason, you are dissatisfied, you simply return it at our expense and your deposit is immediately refunded, together with shipping charges.

Guaranteed Economy — Satisfaction Webster Empire Cast Iron Range

The Webster Empire is our finest, biggest, and heaviest cast range. In quality, finish and design you can buy no better range. It always pays to buy a heavy, large range because of the economy of fuel and the long life.

Don't forget Spiegel's Easy Credit—which brings this range on month's approval—to actually use and compare—and pay for in little monthly amounts.

Two Styles This handsome Webster range is furnished in two different styles of trimming.

White Porcelain range, as pictured, has nickel plate base, doors, towel rod, frames and white porcelain panels in the doors and splashback and a polished cooking top.

Black Japan range has white porcelain door panels that are easy to keep clean and other iron parts are black Japan finish instead of nickel except towel rod is nickel. Does not have a polished cooking top.

The Top is made in two removable key plate sections and one solid key plate section with short centers and extra heavy covers with extra substantial rests. It is fitted with a lifting device for broiling, roasting, and kindling fire. Has a deep feed door, roomy ash pan.

The castings are made of a carefully prepared mixture of the highest grade northern and southern pig iron.

Dangler Kerosene Ranges-Known the World Over

Dangler Kerosene Range-Portable Oven

This style oil range has always been the most popular of all oil ranges because of the handy feature of the removable oven, giving you full access to all of the burners for general cooking and by placing the oven over two burners, you can do a big baking just as economically and just as quickly as with any coal range.

The Dangler kerosene stove burns kerosene or coal oil, which is the cheapest kind of fuel known. It is easy to operate. You simply fill the tank with oil, light and adjust the wicks and you have a fine cooking blaze. The oil reservoir is of clear glass and holds a gallon.

Giant Burners excel all others and give a quick blue flame of intense heat. The high shelf is a great convenience. It forms a splashback which protects your walls and the top shelf is convenient.

Cooking Top is 29 inches high from the floor and the height with the high shelf is 52 inches. The shelf at the top is 9 1/2 inches deep. The range is made of pressed steel with heavy cast iron legs and is well braced, riveted and bolted, making it absolutely rigid. Finished in a rich blue enamel baked on and easy to keep clean. Trimmed with nickel and has a black japan cooking top. The grates are made of cast iron and are removable. Burners and

Delicious Muffins

Equal To Any Pastry Cooks

I Made Them!

"My husband was always fond of delicious, fluffy, muffins for breakfast, but had the success that I used to have when we were first married and done my baking on a gas range with a built-in oven."

"Just lately I saw the new Dangler Kerosene range with the built-in oven in Spiegel's catalog. It appealed to me, I sent for it—I used it—and now I am again baking muffins, pastries, pies and bread as good, if not better than I formerly did on the gas range with the built-in oven."

That, too, will be your story if you get one of these new Dangler Kerosene ranges with the built-in oven.

This Dangler kerosene (coal oil) range is just as efficient as a gas range. It gives you the same quick action—no waiting—merely strike

This range is built by the famous Dangler Company, the same stoves you see advertised so widely in the leading magazines and newspapers. This kerosene oil range we are offering here has the same famous Dangler Giant burners that Spiegel's have been offering for 20 years—a dependable, quick action oil stove, at a smashing new low price—the lowest we have been able to offer in years.

Even a bigger bargain than usual—because this range has something Brand New—A Built-In Oven—just like a Gas Range.

Dangler Kerosene Range
With Latest BUILT-IN Oven

The Dangler factory has made for us a kerosene oil stove built along the lines of the up-to-date gas ranges. The oven compartment is built in like a gas range and is made of heavy stamped steel, aluminum finish on the inside. The bottom is also of steel. The sides, back and door are double lined with air space in between insuring perfect heat distribution. The bottom is removable and can be taken out when desired. When this is done, the two oven burners can be used for any other kind of cooking. The oven is so constructed that fresh air is constantly taken in at the bottom, insuring perfect circulation and giving you absolutely uniform baking results. You can do much better baking with a built-in oven range than with one equipped with a removable or portable oven. The oven is extra large, measuring 18 in. wide, 16 in. deep and 11½ in. high.

A Saving of \$15.00—And only \$2.00 down

This new Dangler kerosene oil range gives you the same conveniences that folks in large cities get from their gas ranges. It burns the cheapest kind of fuel, kerosene (coal oil) that you can buy anywhere for a few cents a gallon. It is very economical to operate—and it is built to last.

Giant Burners The range is equipped with Giant wick burners of the most improved type. Easy to light as a burner on a lamp. Can readily be turned up or down to give you just the size of flame you desire. The burners are also fitted with a wick stop, which automatically stops the wick at the correct height for lighting. These wicks are made of the highest grade cotton, closely woven and extra heavy in weight. They produce a blue flame, seldom require trimming, and give extra long service. The burners produce an intense blue flame which strikes directly on the bottom of the cooking utensil.

This range burns kerosene (coal oil) which is the cheapest kind of fuel. Easy to operate. The oil reservoir is made of clear glass and holds a gallon of oil.

Blue Enamel Finish Range is finished in a rich, blue enamel with gold strip and black japanned cooking top. The cooking top is 17½ in. deep by 25¼ in. wide. There is a shelf at the end over the oil tank, 7 in. wide. There is also a shelf 6 in. wide above the splashers back. The range stands 48 inches high from the floor. The length over all is 55 inches. Depth over all, 21 inches. Securely crated and shipped from Chicago. Shipping weight, about 170 lbs. **\$39.95**

The Pearl Blue Flame Kerosene Stove

A thoroughly dependable oil stove, simple to operate and absolutely safe in every detail. It is made of the very best construction, being built of solid sheet steel.

The burners are the asbestos ring type, constructed so that there is no chance of a fire or explosion. The gas produced from the oil mixes with the air, thus burning part oil and part air, making a very economical stove from a fuel point of view. The wicks are of asbestos.

Finished in black japan and is neatly trimmed. Tank holds one gallon. One gallon of oil lasts 10 hours. Shipped from Chicago.

Dangler "Pressure" Gasoline Stove

Perfected by Dangler so that it is as safe to operate as a kerosene stove

A gasoline pressure stove gives you an intensely hot flame. It is even hotter than city gas. With one of these gasoline pressure stoves, no matter where you are located or in what section of the country you may live, you may have the same convenience as cooking with gas. This stove actually burns gas which it generates itself out of the gasoline. Perfected by Dangler so that it is as safe to operate as a kerosene stove.

The gasoline is forced by air pressure to a simply operated yet cleverly constructed generating device connected with the master burner. The generator generates the gasoline into gas and it is delivered to the burners under pressure. The result is a flame hotter even than city gas and burns with a clear blue green color. The flame, which can be regulated at will to any desired height, is clean and odorless and does not throw off smoke or soot.

Construction is exceedingly simple. No wicks or wick rings to get out of order or need attention. Carbon accumulation in generator is quickly and easily removed. It takes only a moment to start this stove after the preheater, which heats the master burner, is lit, after which the stove is automatic in operation. To operate, you simply fill the tank with gasoline and pump it up with air with the pump that is furnished, and the stove is ready for hours of cooking.

Sturdily Built of pressed steel, beautifully designed and finished in smooth, high gloss baked on gray and black japan. It is neat, durable and easy to keep clean.

We furnish this stove in either the 3-burner size as illustrated or with 4 burners. When furnished with 4 burners, there are 2 master burners. You can do perfect baking with this stove by buying one of our portable ovens to use with it.

Stove measures 53 inches high over all. The main top is 31 inches high from the floor; the capacity of the tank is 1 gallon. The cooking top measures 18 in. deep and 34 in. long for the 3-burner stove and 45 in. long for the 4-burner stove. Pump and lighter and instruction card are furnished with the stove.

5 Ply Fibre Bound Wardrobe Trunk

At A Bargain Price!

Built like a battle ship. It can stand a lifetime of hard knocks and give perfect service. Three-ply veneer basswood, covered and bound with tough fiber. Heavy brass corner plates. Hardware is brass plated. Yale spring lock.

At last, a high grade wardrobe trunk at a price you can afford to pay. Nothing skimped in construction to bring down the price—just quantity buying that brought prices to rock-bottom.

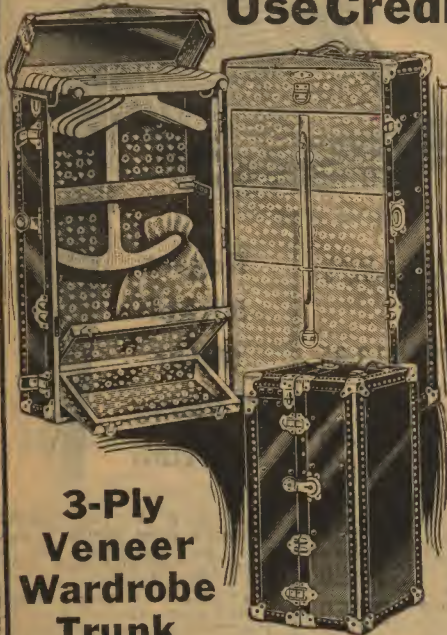

A Place For Everything The wardrobe space is fitted with nine clothes hangers. There is also a shoe box with hinged cover, a laundry bag and a convenient hat box. Ironing board. Four large drawers. Bottom drawer has removable hat form. Full length dust curtain.

Always Right Side Up It is impossible to lay this trunk upside down as it has a curved swelled top.

The trunk is 42 in. high, 23 in. wide, and 22 in. deep. It is lined with durable cretonne in a pretty pattern, and the loose pieces are also covered with cretonne. Shipped from Chicago. Shipping weight about 80 lbs.

We honestly believe that the price of the Eureka represents the lowest possible price at which a good, reliable sewing machine can be sold.

Guaranteed for 10 Years Both the makers and ourselves absolutely guarantee this sewing machine to give good service for a period of 10 years. With ordinary care it should last you twice as long, so that the price we ask for it is really a bargain value.

The Sewing Head This sewing head is well made of selected materials and has many of the features of our higher priced sewing machines. There is also an inlaid tape measure at the front of the sewing table, which you will find a great convenience.

It is made in the improved drop head style so that when you are through sewing the head can be dropped into the body of the machine, the top lid folded over and the machine placed in any out-of-the-way corner. When in use, the folded top gives you a long work table that you will find handy.

Solid Oak Cabinet The cabinet is built of a good grade of oak, finished in a rich golden color. There are two drawers on each side, the full length of the machine, fitted with metal drawer pulls. The drawers close with lock and key. The dimensions are as follows: Length when open, 50 in.; closed, 34 1/2 in. Height over all open, 38 1/4 in.; closed, 30 in. Depth of machine, 18 in.

Rigid Stand The stand is a good grade of cast iron, nicely designed and with all bearings accurately ground. This gives you a smooth running dependable machine. The stand is nicely finished in black enamel. Shipped from factory near Chicago. Shpg. wt., about 110 lbs.

Quality Snow White Enamelware

Snow white enamelware is pure, clean, cheerful, sanitary. No other type of cooking utensil possesses such excellent cooking qualities. Quality enamelware is not porous and, therefore, will not retain old food odors, acids or impurities. It will not discolor easily and that is why enamelware is preferred above other utensils. It has beauty. It is no labor to clean, and to keep clean.

The snow white enamelware pieces listed below are of the highest quality. Each piece is made from heavy sheet steel

specially prepared so as to contain the necessary tensile strength and durability. This steel is covered with 3 heavy coats of snow white enamel. The finished piece has a beautiful lustrous smooth, durable and acid-proof enamel finish. We can recommend every piece shown below most highly. It is high quality merchandise and the price, quality considered, is particularly attractive.

\$1.00 Down Brings Enough To Decorate Any Home

You have about a year to pay for all the paint you use. You can order enough paint, varnish and enamel to paint your entire house, inside and out, your barn, roof, floor or porch, and pay for it little by little, the same as everything else in this big Home Lovers' Bargain Book of ours.

In addition to this binding guarantee, we actually save you money on all paints and varnishes you buy from us. We buy direct from one of the largest paint manufacturers, eliminating all middle-men and jobbers. The saving is yours.

Order as much paint as you need. Don't forget varnishes, enamels and brushes, too. You are sure to be satisfied.

Simple Instructions To Find the Amount of Paint You Require

Simply measure the length, width and height of the building that you want to paint. Add together the total length in feet of the two sides and two ends of the building, then multiply this by the height of the building and this will give you the number of square feet of surface to be painted.

Just for Example: Suppose you have a building 30 feet wide, 40 feet long and 20 feet high. You would figure it as follows:

Front.....	30 feet
Left Side.....	30 feet
Rear.....	30 feet
Right Side.....	30 feet
Total.....	140 feet
Multiply by height.....	20
	2800 sq. ft.

Divide 2800 square feet by 250 (which represents approximately the number of square feet of surface one gallon of paint will cover—two coats.) You will see that this equals a little over eleven (11) gallons.

If the surface has never been painted before, or if it is a real old job that you have in mind, we recommend that you use three coats instead of two.

If you want to figure on using three coats instead of two, then instead of dividing by 250, divide the total amount of square feet as given above by 165 (which represents the number of square feet one gallon of paint will cover—three coats.)

This will give you the approximate amount of paint necessary for the job.

Sent on Approval.

\$1.00 DOWN Brings Paint and Varnish Enough For The Whole House

Interior Finishing Varnish

One gallon of this high grade interior finish varnish will cover about 500 square feet with one coat. This varnish is intended for just the purpose that the name implies. All of your interior woodwork can be finished with it, and it dries with a high grade, brilliant finish within 24 hours.

Brighten the Home Finishing the interior woodwork only preserves the woodwork in its original luster, but at the same time it gives you a cleaner and brighter looking home, and actually helps to lighten housework. It is much easier to clean the woodwork that is finished in the manner that this high grade varnish does it. Your molding, wainscoting, doors and all other woodwork inside the home will look just as bright and shiny as new if covered with this interior finishing varnish. All that is required is a small varnishing brush and a can of our varnish.

It is especially compounded to dry quickly and protect the woodwork with a hard luster finish. Then an ordinary cloth with just a little touch of cedar polish or cleaning oil will quickly remove any dust that may accumulate, and you will be surprised to see how easy it is to keep the house clean. It actually cuts your house cleaning labor in half.

This particular floor varnish is especially compounded to withstand the severest kind of wear. It has all the essentials of a good, high grade floor varnish—it will dry quickly and it forms a durable film that can be put to the hardest use. After it has been applied, it will not become brittle or crack up or show scratches like some of the cheaper varnishes will do. It has a high luster finish; makes it very easy to keep the floor clean.

Another good feature of our varnish is the brilliant, hard luster imparted to the floor after the varnish is dried. This means that you can give the floor the maximum amount of water, and just a little polishing now and then with an oil mop, will keep it looking like new.

One gallon of this varnish will cover approximately 600 square feet of oak, or 400 square feet of pine—one coat. Another feature about this varnish is the fact that it has sufficient body to spread, not like some of the thinner varnishes that soak into the pores of the wood without forming a protective film.

Automobile Enamel

You can make your automobile look new by the use of our enamel. It is especially prepared for automobiles and will withstand all changes of weather without being affected. Two coats on the body of your automobile will make an excellent job. One quart will cover the body of an average-sized automobile.

It is especially advisable, where you are going to paint the car a different color, to give it two coats of enamel. Be sure that your surface is perfectly clean and thoroughly dry before you apply the auto enamel. Use a soft bristle brush for the best results, such as brush "D" shown below.

Linoleum Luster— Preserves Linoleum

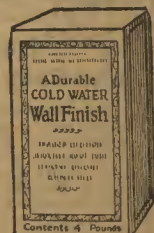

You can add years of service to your Linoleum by buying this Linoleum Luster and putting a coat of it on the surface of your Linoleum about every three or four months. This Linoleum Luster is especially prepared for covering Linoleum and will dry thoroughly in 12 hours. By using it three or four times a year, you can make your Linoleum practically last indefinitely, as only the luster will wear off, and when it wears you can give it another coat. In this way, the Linoleum itself never receives wear. One quart of it is sufficient to cover about 200 square feet—one coat.

A Simmons Graceline three-panel bed, choice of Simmons link fabric or double deck soft top coil spring and a 50-lb. felted cotton mattress.

Simmons quality—Simmons style and design—Simmons wonderful three-coat finish—Simmons smooth seamless tubing—do not compare with beds of rough seamed tubing and one coat finish.

The Bed is made with Simmons Graceline molded mainposts and top rod. Made of seamless steel tubing. Fitted with casters. Has two beautiful steel cane panels in each end 6 inches wide, and a solid center panel 10¼ inches wide with a neat floral decoration. The mainposts are 1½ inches thick. The head end is 50 inches high, foot end 34 inches high. Fitted with casters. Has heavy angle steel reversible side rails.

Finish is Simmons walnut brown ungrained enamel in three coats baked on, and is indestructible. It matches American walnut bedroom furniture. Comes in full width, 4 ft. 6 in. wide.

Simmons double deck coil bed spring is made with a heavy angle frame and steel bars supporting 99 cone-shaped coils of heavy carbon steel wire. The top of the spring is made flexible and soft, and is tied together with 160 small coil springs, making a soft, comfortable, smooth sleeping surface. The edge of the spring is reinforced with a heavy rod border. Fits the bed exactly.

The link fabric spring is made by Simmons and has a heavy pipe side and extra strong heavy angle ends. Has 4-inch corner riser, bringing the fabric 4 inches above the side rails of the bed. Fabric is Simmons double link twisted wire and is fastened at each end with a small row of coil springs. Finished at the sides with steel strap border.

50-lb. felted cotton mattress. Guaranteed for 5 years of perfect satisfaction by us and by the makers. A full size 50-lb. felted cotton mattress, and is not to be compared with shoddy mattresses of unknown make being offered. Notice the thick layers of fluffy felted cotton through and through. Closely tufted to prevent any possible sagging

filling ever shifting. It is finished with Imperial roll edge all around both top and bottom. Gives you a high-grade boxside mattress that will never get out of shape. It has a heavy ticking in a beautiful floral design especially selected by us for beauty and color. Comes in full size, weighing 50 lbs. net.

On Credit

A complete outfit of extremely usable pieces that every housewife can use in her home. A money saving bargain that **easy credit** makes possible.

This big value 75-piece home outfit consists of the following:

One Imported Swiss Net Panel

Curtain This curtain is made of a very close woven, exceptionally lacy looking Swiss net, brought out in a very pleasing and artistic looking corded design. Size 39 inches wide by 2 1/4 yards long. A high grade, well made, splendid looking curtain!

Two Pairs Marquisette Ruffled Curtains.

Measures 27 inches wide by 2 1/4 yards long. Made of an especially good quality mercerized marquisette, with multi-colored detached figure design running throughout the curtain. Two pairs - 8 pieces in all; you get two tie-backs with each pair of curtains. Good quality that will launder perfectly. Fine looking.

7-Piece Imported Linen Table Set.

The cloth of this set measures 50x50 ins.; the napkins 12x12 ins. Closely woven, heavy quality, pure linen through and through. Very nice looking colored pattern. The colors are fast. A long wearing, heavy quality table set.

Twelve Mercerized Hemmed Napkins.

These napkins measure 15x15 ins. They are made of especially good quality cotton, which has been highly mercerized, giving them the appearance of all linen. The napkins are bleached to a pure snow white, nicely hemmed, and will come in handy, as every household needs at least a dozen odd napkins.

Twelve Red Border Huck Towels.

A dozen of these well made, closely woven, especially absorbent huck towels are included in this outfit, which measure 16 ins. wide and 28 ins. long. An ideal size for a face towel. The artistic red border is color fast. These are long wearing, very usable and desirable towels.

Twelve Bleached Turkish Towels.

These towels are nicely hemmed, well made of good strong Terry cloth. They measure 14 1/2 ins. wide by 29 ins. long. Nicely finished. These Turkish towels are very often preferred by men as face towels.

Five Yards Sunfast-Tubfast Drapery

Voile. A very fine quality. Measures 38 ins. wide. Sunfast and tubfast.

Multicolored effect. Looks especially well used as coverings for the entire window, or as side drapes. Five yards of this material is sufficient to make side drapes for two windows, or to cover one window completely.

Six Turk'sh Wash Cloths.

These cloths measure 10 1/2 x 10 1/2 ins. Brought out in nice color effects. Good quality, closely woven Terry, nicely finished. Ideal wash cloths.

Four Seamless Full Bleached Sheets.

These sheets are full bed size, measuring 81x90 inches. They are full bleached and made without any seams whatsoever. Free from filling and adulteration. These are sheets that will launder beautifully and will give supreme good service.

Four Bleached Pillow Cases.

These are made of the same good quality sheeting as are the sheets. Size 21 x 35 inches; just right for the ordinary size pillow. Full bleached; nicely hemmed. You get four of them, remember!

Five Red Check Dish Towels.

This will be sent you in one five-yard piece, measuring 16 ins. wide, so that if you wish to make your cloths less than 36 ins. long, you will have sufficient to make six or seven cloths, instead of five.

It is well made closely woven, and is ideal glass toweling, as it does not lint to any great extent.

One Colored Crinkled Spread.

A good weight spread, measuring 80x90 inches, brought out in a particularly pleasing design in lavender shade. A spread that is easily laundered and irons out beautifully. Colors are fast.

Two Colonial Cottage Rugs.

Size 25x50 ins. Made of all new materials, finished with double crowfoot border, and has self-warped fringe on each end. Very handy to throw around on those bare spots on the floor, which every home has in some rooms.

We have not endeavored to see how cheap we could make this outfit, but how good we could make the quality of the merchandise. By buying these seventy-five pieces together, you will make a saving of 15% and possibly 25% over what you would have to pay for the individual items.
